NEW YORK UNIVERSITY  
SCHOOL OF EDUCATION

Washington Square, New York

Department of Physical Education  
and Health

The fourth annual January session for Federal, State, and local recreation superintendents and supervisors will be held from January 2 to 28, 1940.

This session is a part of the extensive program in Recreation offered by the School of Education. Students specializing in Recreation may matriculate for the degree of Bachelor of Science, Master of Arts, Doctor of Philosophy or Doctor of Education. With permission, students may register for recreation courses without matriculating for a degree.

Mr. Virgil Dahl, Technical Consultant to the Work Projects Administration, is now a member of our faculty. Mr. Dahl has been identified with public recreation for twelve years as administrator of large and small municipal systems through service as Director of Recreation for Los Angeles County; as Supervisor of Physical Education and Recreation for Inglewood, California; for the Federal Government, as Assistant Regional Director of Education and Recreation in the eleven western states; and as Assistant to the Director in charge of training and program for the Recreation Section of the Work Projects Administration. The two courses to be offered this January will be conducted by Mr. Dahl, Professor Frank S. Lloyd and myself. Numerous governmental agencies will cooperate to make these courses valuable contributions to the recreation field. Particular attention will be given in the courses to the respective responsibilities of leaders, participants, staff and board members in relation to the recreation agency, and a study of methods for turning leisure into cultural achievement.

These special advanced courses are offered in January to accommodate recreation executives and leaders who are not able to attend classes during the academic year or the summer session, because of the seasonal character of their responsibilities. The enrollment will be limited to between forty and fifty students, because of the desirability of close relationship between the various instructors and the students. If you can arrange to attend the University during January, will you please fill out the enclosed blank and forward it to us as soon as possible?

Very sincerely yours,

JAY B. NASH  
Professor of Education
