Dr. Forrest C. Allen  
Lawrence, Kansas

My dear Dr. Allen:

We are certainly very happy to have you as our guest speaker Wednesday, April 3rd. The meeting will begin at 7 p.m., in the gymnasium, where we had it the last time you were here. We want you to choose your own subject.

We would like to have your entire team here if possible. At least we would like to have you bring your son Bob and several other boys. We have also invited Winfield and Buhler high school championship teams as our guests.

Too bad you couldn't beat Indiana last Saturday. But we are mighty proud of you and your boys. You did a wonderful job with your youngsters. They are a great group of boys coached by a great coach.

Will see you Wednesday.

Sincerely yours,

*Otto D. Unruh*
