Dr. Laurence E. Morehouse,
c/o American Red Cross,
Hotel Graham,
Sterling, Colorado.

Dear Dr. Morehouse:

Thank you for your letter of the 16th instant. I assure you that I will be glad to do what I can in the way of finding a house for you until the boss (Mrs. Morehouse) arrives. Mr. Gill's office called me yesterday, and we are glad to cooperate with them.

I will meet Mrs. Morehouse at the train when she arrives Monday, and we will do everything possible to make her short stay here a pleasant and profitable one. We are looking forward to greeting all of you when you arrive.

The small package of books which you addressed to yourself has arrived and we are holding it here in my office for you.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Dr. Allen:

Mr. M. R. Gill has written a suggestion that you act as our agent in selecting a place in which to live in the event something suitable turns up before we arrive. In this way, immediate action can be obtained.

I realize this to be a distasteful task, but see no alternative but to ask you to do it for us.

Mrs. Morehouse is leaving Colorado Sunday and will arrive in Lawrence Monday, August 24, to look for a place in the event that one has not been found beforehand. She will then go to Wichita Wed. to supervise the packing and moving of our things, and return to Lawrence Friday. She will stay at the Eldridge in Lawrence. I will arrive in Lawrence Sunday, Aug. 30.

Sincerely yours,

Larry Morehouse

Dear Dr. Allen.

Thank you for inviting me to become a member of the Lawrence Chamber of Commerce.

I enjoyed working with the Safety Committee of the Wichita Chamber of Commerce and acted as general Chairman of their Industrial Safety Engineering School. I am holding the application contract until I arrive in Lawrence. At that time I will give further consideration to application for membership in the Lawrence Chamber of Commerce.

I am extremely happy to see that P.E. is now required at K. U. I have read your proposed program carefully and it looks very good. As it is somewhat similar to the plan used at Iowa while I was in the department there, I am prepared to give you assistance with the program. At Iowa I handled the swimming phase.

Sincerely yours
Amy Morehouse

Dear Dr. Allen

Thank you for your letter of July 20. Following your instructions, Mr. M. R. Gill has written me offering to keep our need of a 5 or 6 room furnished house or apartment near to the campus in mind. Ed Elbel wrote that his family is going to stay in Lawrence. I wish that it was possible for me to go to Lawrence before Sept. 1 to find a place, but there is no break in my itinerary of more than a day.

We are enjoying this part of the country. Last weekend we visited "Frontier Days" at Cheyenne, Wyoming. This weekend I am going to the mountains trout fishing with Coaches Butler and Hancock of Colo. State College of Ed. I wish you could come along. "Pete" Butler has invited me to lecture to his P.E. graduate students on physical fitness and tests and measurements so I'm keeping in trim for K. U.

I may be mailing some things to myself @ the University and I would appreciate it if you would have these things placed in my office.

Very sincerely yours,

Larry Morehouse

Dear Larry:

Thank you very much for your letter of June 30th in
which you give me your itinerary for July and August.

We are, of course, withholding any announcement of
your appointment until President Jardine has accepted your
resignation from Wichita University. I trust that the
official notification of your appointment has reached you
by this time.

Dear Dr. Allen:

Thank you for your letter of June 25, and your phone call of the same date. Mrs. Morehouse and I are looking forward with a great deal of enthusiasm to going to Lawrence in September.

I have not heard from President Jardine as yet so imagine he is away on vacation. I hope that you and the authorities at KU will continue to hold the announcement of my acceptance until President Jardine writes me of his agreement to my resignation.

Dean Smith's notification of my election has not reached me. It is probably following me around the country.

I am writing Dr. Elbel today to find if he still has intentions of moving his family to St. Louis. I hope we can arrange to obtain his residence. If you should happen to hear of any other small furnished houses which will be vacant Sept. first, I should appreciate it if you would let me know.

My itinerary until Sept. 1 will be the following: (c/o American Red Cross)

7/3-16	Colorado College, Colorado Springs, Colo.
7/20-8/1	Camfield Hotel, Greeley, Colo.
8/3-8	Mitchell Hotel, Golden, Colo.
8/10-15	Joyce Hotel, Colorado Springs, Colo.
8/17-22	Graham Hotel, Sterling, Colo.

COMMITTEE ON RECOMMENDATION OF TEACHERS

The State University of Iowa

Estimate of

..... Laurence E. Morehouse

Mr. Morehouse has worked in my Department this past year as an assistant instructor. I feel that Mr. Morehouse is, and should be, one of our very highest type of instructors. His educational background is of the very best, in Physiology as well as in Physical Education.

His work is very exacting. He gives minute and careful detailed attention to daily lesson plans and is interested in the growth of the student in his classes. He has a pleasant personality and I would not hesitate in recommending him for any first-class high school or college. He is especially adapted to teaching swimming in Physical Education and has excellent training in administration and organization of a physical education program at any level of the teaching program. His character is excellent and has no bad habits to my knowledge.

COMMITTEE ON RECOMMENDATION OF TEACHERS

The State University of Iowa

Iowa City, Iowa

Estimate of

..... Laurence E. Morehouse

Laurence E. Morehouse was my research assistant for two years, and completed his work for the Ph.D. degree under my direction. I am glad to recommend him as a young man who is intelligent, cooperative, and effective as a teacher and student. I observed him as a teacher, since he also assisted me in my class work. Mr. Morehouse has had a wide experience in both physical education and physiology. I am sure that anyone who has a vacancy to fill which falls in this candidate's line will find him very capable. Mrs. Morehouse is a fine young girl who will be an asset to Mr. Morehouse wherever he goes. Both of these people will fit well into a college community.

I wish to recommend Mr. Morehouse without reservation, as an instructor in physical education, health and recreation. I might add that he is also capable of conducting sound research in his chosen field.

Estimate of

.....
Laurence E. Morehouse

Mr. Morehouse graduated from Springfield College and has taken his work for the doctor's degree here. During the three years he has spent on our campus he has developed and matured remarkably. He is a good student, a hard worker, and has shown more originality and initiative in lines of investigation and of devising better teaching methods than any student I remember having had on this campus. He is excellently prepared in physical education, health education, hygiene, and physiology. He gives promise of maturing still further within the next few years. He is cooperative, interested, and would make, I think, an excellent teacher. I think Mr. Morehouse would be an excellent addition to the staff of any institution conducting teacher training, especially where graduate work is being offered. I think that as he gains experience and maturity, he gives promise of being one of the outstanding men in the profession.

Dear Larry:

It is not because I am chairman of the University drive for membership in the Lawrence Chamber of Commerce that I am writing you this letter, but rather it is my desire to see you a faculty member of our Chamber of Commerce here. All of the deans, most of the heads of departments, and many of the faculty members are members of our Chamber of Commerce.

The dues are \$3.75 per quarter, or \$15.00 a year. Since the Sunflower Ordnance Works have located in and near Lawrence, and many of the officers of this project are living in Lawrence, it is the feeling of the officers of the University and the members of the Lawrence Chamber of Commerce that our faculty members and citizens can play a very definite part in this war work for volunteers on the home front. There are a great many officers of the United States Army who are located here for the duration in this Ordnance plant that are active members of the Chamber of Commerce. We also have a contingent of about six to eight hundred Naval men located here in dormitories on the third floor of the Administration building. These are officers of the Navy and many of them are joining the Chamber of Commerce. For this reason, and other good ones which make the University a part of our Lawrence citizenry, I would like to have your membership for one year. It is not necessary that you pay at any specified time. The quarterly payment is only for the convenience of the members. If you desire not to make any payments until the middle of the year when your salary check comes in it is perfectly agreeable with all concerned.

The regular membership for anyone outside of the University is \$25.00 a year, but since the University people do not profit financially by membership in the Chamber of Commerce they make a special faculty membership rate of \$15.00 per year. The Chamber of Commerce meets weekly at the Eldridge Hotel and many valuable friendships and contacts are made through these meetings.

Please do not feel that I am "high pressuring" you, and if you have any definite reasons for not belonging, please be guided by your own desires. However, most of our members in the athletic and physical education department are members, and since the drive is now on we would

like to have your name to turn in with our group.

I have written you one letter regarding our compulsory physical education program which will be a challenging job for all of us in this department. I will keep you advised from time to time as these new things come up.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,

I have now received notification of my appointment and salary approval by Chancellor Malott and Raymond Nichols. Also, the Board of Regents of the University of Wichita granted me a release from my contract July 6 so that I could accept the offer at the University of Kansas. That just about fixes me up officially.

Ed Elbel has not yet written me about his house. I would appreciate it if you would put me in touch with a Real Estate agent in Lawrence who could arrange furnished living quarters for us.

Dear Dr. Morehouse:

I have communicated with the Chancellor's office that it is entirely satisfactory for them to make the announcement of your acceptance at the University of Kansas at their pleasure. The announcement should be forthcoming in the near future.

If I were you I would try to get a decision from Dr. Elbel as early as possible and I am hoping that you do get his house. The fact that the Ordance Works at Eudora has become a reality is causing this town to overflow with people looking for houses. I am afraid you will have quite a bit of difficulty in getting a place you want if you are not successful in obtaining Dr. Elbel's home. Of course, I will help you, but it will be a difficult situation. Let me hear as early as possible so that I may be of any service possible.

We will have a place for your books at your office.

Wishing you continued success, health and happiness,

Dear Dr. Allen:

I have today received notification from President W. M. Jardine, University of Wichita, that "It is all right for you to go to the University of Kansas and there are no ill feelings". I appreciate your waiting the announcement of my acceptance and appointment at Kansas University until I cleared matters at Wichita.

I shall be pleased to hear from you regarding plans for our next Fall's program at K.U. I believe you have my itinerary until August 29. I shall be at the Aquatic School, Colorado College until July 15.

It was impossible for me to contact "Frosty" Cox at Colorado University during my visit there. If there are others you would like to have me contact along my itinerary, I should be glad to meet them.

Mrs. Morehouse and I are looking forward to moving to Lawrence. As she is an active Pi Phi alum, University Dame, P.E.O., and Bridge Enthusiast, I do not imagine it will take long for her to become acquainted.

Ed Elbel has not yet written about his plans for moving his family to St. Louis. He had reached no decision on this matter when I talked with him in St. Louis.

I have about $\frac{1}{2}$ ton of books and other materials as you probably noticed while visiting my office at Wichita. Will I have space for it all at my office at K.U.? If not, I can store some of it.

With sincere personal regards, I remain,

Very respectfully yours,

Laurence E. Morehouse
