Dear Dr. Allen

Thank you for your letter of July 20. Following your instructions, Mr. M. R. Gill has written me offering to keep our need of a 5 or 6 room furnished house or apartment near to the campus in mind. Ed Elbel wrote that his family is going to stay in Lawrence. I wish that it was possible for me to go to Lawrence before Sept. 1 to find a place, but there is no break in my itinerary of more than a day.

We are enjoying this part of the country. Last weekend we visited "Frontier Days" at Cheyenne, Wyoming. This weekend I am going to the mountains trout fishing with Coaches Butler and Hancock of Colo. State College of Ed. I wish you could come along. "Pete" Butler has invited me to lecture to his P.E. graduate students on physical fitness and tests and measurements so I'm keeping in trim for K. U.

I may be mailing some things to myself % the University and I would appreciate it if you would have these things placed in my office.

Very sincerely yours,

Larry Morehouse
