Dear Mr. Davidson:

During the rain and wind storm this morning, Dr. Allen noticed about 6 places on the roof of the building directly behind the boys' gymnasium that are coming loose. There are four places on one end and two on the other end.

He would like for you to have someone--he doesn't want you to get up on the roof yourself--get up on the roof and nail those places down at your earliest convenience.

If this letter is not clear to you, please stop by the office and I will show you what I mean.

Sincerely,

I want you to know how very pleased we are that you could make the trip. The five cheerleaders sang your praises to the sky and we appreciated your splendid cooperation.

Thanks for your words of congratulations and if it is humanly possible at all, I assure you that such fine expressions from you and some others will compel us to do the job at Norman.

Dear Mickey:

Thank you for your good letter. We will keep on doing business with you at the same old standard.

This last "jinx" letter has impressed me with one thing very definitely and that is that it shall make us more careful over here to read and reread every bit of copy before it starts from this office and when your copy comes over. Eternal vigilance will be the watch word.

With kind regards, I am

Dear Dr. Allen:

It does seem that a "jinx" is trailing us on a lot of the printing we try to do for your office. If we can keep said "jinx" completely occupied until the basketball season is over so that it won't bother the basketball team, I suppose we will be performing a real service.

On checking the copy furnished for the polio letter we discovered that the copy carried the January 12th date line and we merely followed copy.

We should have been suspicious of a month old date and should have checked it with you. Normally we would have, but right at that time we were pretty well occupied with providing additional supplies needed in connection with the increased enrollment. At any rate, ~~We~~ will be on the double alert on the next piece of printing that comes from your office.

With kindest personal regards, I remain

Yours very truly,

TO OUR MUSIC LOVING FRIENDS:

The University of Kansas Band will present its annual winter concert on Monday evening, January 21, at 8:00 o'clock in Hoch Auditorium.

The special feature of the evening will be a one hundred piece band, the best we have been able to produce since the war dismembered our bands of pre-war days. Four brilliant soloists will also be featured -- a violinist, a cornetist, a clarinetist and a marimba soloist. We believe this will be an evening to be enjoyed by everyone and we invite you to be present.

You will find complimentary tickets herewith enclosed -- only the tax to be paid at the box office. Additional tickets will be sent upon request.

Dear Phog:

A friend of mine who is teaching at Glen Elder tells me that Darrow Dean, one of their senior high school students, is a very good basket ball player, and suggested that you might be able to entice him down here. I did my best with him, and think he may well come down here, but perhaps you will know some way to make K. U. look attractive. Of course I don't know just how good he is.
