Dean D. M. Swarthout
School of Fine Arts

Dear Don:

You never miss a bet, Don. You are always right on the spot, and the right spot at that.

I genuinely appreciate your fine words of praise regarding our good basketball team. To me it is a parallel of the many struggles you have in your outstanding work across the way. I can appreciate with you the hours of travail and disappointment. Always fearful that the performers will not come up to your expectations, but they did in this case and I am thrilled to know that so many fellows like you and our other good friends were able to be happy with us.

It is darn nice of you to write as you did.

Sincerely yours,

FCA:MF

Dear "Phog":

As I watched the game Monday evening it seemed to be that you had trained and brought to an undisputed conference championship as fine and brilliant a group of players as I have ever seen in action on a KU court.

My sincere congratulations to a master coach for a magnificent piece of work.

Cordially yours,

Persons, or families in the case of minors, who become actual residents in good faith of Kansas are entitled to pay the resident rate after the six months residence requirement has been met.

LIVING ACCOMMODATIONS

HOUSING

Housing accommodations at the University of Kansas are provided through residence halls, fraternities and sororities, cooperative houses, rooming houses and private homes.

Through the committee on Student Living Conditions, the University supervises the housing and the health of the students. Each year, under the direction of the committee, a list of approved rooming houses for women is prepared by the Adviser of Women, and for men by the Dean of Student Affairs. Members of fraternities and sororities usually live in their chapter houses.

Room rent ranges from \$8 to \$20 a month, depending on nearness to the campus, and number of students in a room. The average will be from \$12 to \$15. Rent in cooperative houses and scholarship residence halls is much lower, running from \$3 to \$7 a month.

FOR MEN

RESIDENCE HALLS. During 1945-46 two residence halls for self-supporting men are being operated--Battenfeld and Carruth. The houses are operated as a single enterprise under supervision of a faculty committee and resident managers. The halls are operated cooperatively, each resident scholar doing part of the household work and paying his proportionate share of actual living and maintenance costs. The privilege of living in the halls is granted as a scholarship to young men of excellent character, high intelligence and studious habits who need assistance to attend the University. Applications should be addressed to the Committee on Men's Residence Hall Scholarships, room 228 Frank Strong Hall, at least two months prior to the beginning of the semester. For the 1946-47 school year it is anticipated that at least five residence halls will be operated for men.

COOPERATIVE HOUSES. Through the K.U. Students' Housing Association, a number of cooperative houses are operated. Students reduce the monthly cost to a minimum by doing all the work, under direction of an adult sponsor and by sharing expenses. Applications for admission should be sent to the Dean of Student Affairs, room 228 Frank Strong Hall.

FRATERNITIES. About twenty social or professional fraternities normally maintain houses which provide good homes for about one-fourth of the men students. Membership is by invitation, but most students who are interested usually find accommodations. Further information can be secured from the Dean of Student Affairs, Room 228, Frank Strong Hall.

ROOMS AND APARTMENTS. A list of approved rooms and apartments in private homes is maintained by the Housing Bureau and is available on request to students who prefer this type of living accommodation.

FOR WOMEN

RESIDENCE HALLS. Ten residence halls for women are being operated by the University in 1945-46. Corbin hall provides complete living quarters, including meals, for 145 students. Foster, Jolliffe, Locksley, Sleepy Hollow, and Tipperary halls are operated on a basis similar to Corbin hall, and accommodate a total of 190 students. Hopkins and Briar Manor halls will accommodate 40 students, with rooms only.

Watkins and Miller halls are scholars' residence halls for self-supporting women. Each hall accommodates 42 women, who do their own housework and share living expenses. Applications should be sent to the Adviser of Women, room 121 Frank Strong Hall, at least two months in advance of the opening of the semester.

COOPERATIVE HOUSES. The Harmon Co-op and Ricker hall, cooperative houses offer good accommodations at low cost. Students do their own work and share living expenses. Further information may be secured from the Adviser of Women, room 121 Frank Strong Hall.

SORORITIES. Ten social sororities maintain houses for women students. Membership is open on invitation only. Information may be secured from the Pan-Hellenic Secretary, room 228 Frank Strong Hall.

ROOMS AND APARTMENTS. A list of approved rooms and apartments in private homes is available at the office of the Adviser of Women, room 121 Frank Strong Hall.

MEALS

Students who live in quarters where meals are not provided will find that their needs can be met adequately by boarding clubs or commercial restaurants at hand in the student districts. The University Dining Hall in the Memorial Union Building serves good food at reasonable prices and in attractive surroundings. The price of meals will vary somewhat with individuals, but it will be wise for the student to figure on \$1 a day. The cost will be somewhat lower if he eats in a cooperative club or a scholarship residence hall.

Living Accommodations

HOUSING

Admission to the University does not obligate the University to secure living accommodations for the student, but at the student's request everything possible will be done to assist him to find a place to live.

Housing accommodations at the University of Kansas are provided through residence halls, fraternities and sororities, cooperative houses, rooming houses and private homes, and emergency housing projects.

Through the Committee on Student Living Conditions, the University supervises the housing and the health of students. Each year, under the direction of the committee, a list of approved rooming houses for women is prepared by the Adviser of Women and for men by the University Housing Office. Members of fraternities and sororities usually live in their chapter houses.

Room rent ranges from \$10 to \$25 monthly per person, depending on nearness to the campus and the number of students in a room. The average will be from \$14 to \$16. Rent in cooperative houses and scholarship halls is much lower.

MEALS

Students who live in quarters where meals are not provided will find that their needs can be met adequately by boarding clubs or commercial restaurants at hand in the student districts. The University Dining Hall in the Memorial Union Building serves good food at reasonable prices and in attractive surroundings. Prices of meals will vary with individuals, but the student should expect to pay from \$1.00 to \$1.50 a day for his meals. (This figure is based on the cost of food in early July, 1946, and may possibly increase by September.) The cost will be somewhat lower if he eats in a cooperative club or a scholarship residence hall.

HOUSING FOR MEN

Complete information in regard to men's housing can be had upon application to the Housing Office, Room 220, Frank Strong Hall. Every effort is made to assist both single and married students.

RESIDENCE HALLS. Only one residence hall—Battenfeld Hall—is being operated during 1946-47. Applications for occupancy have been processed and the hall is filled for the year.

COOPERATIVE HOUSES. One cooperative house is being operated during 1946-47 by the K.U. Student Housing Association. No vacancies are available for the fall semester.

FRATERNITIES. About twenty social and professional fraternities normally maintain houses which provide good homes for about one-fourth of the men students. Membership is by invitation, but most students who are interested usually find accommodations. Further information about fraternity life can be secured from the Dean of Student Affairs, Room 228, Frank Strong Hall.

ROOMS AND APARTMENTS. A list of approved rooms and apartments in private homes is maintained by the Housing Office and is available on request to students who prefer this type of living accommodation.

EMERGENCY HOUSING FACILITIES. The University has constructed three emergency dormitories, each accommodating approximately sixty men. These are Spooner Thayer Dormitory and the Stadium housing project, both located on the campus, and the Reorganized Latter Day Saint Church building, Frederick Madison Smith Hall. Applications for these places can be made at the Housing Office where full information will be given to prospective students. A larger emergency housing project being constructed by the Federal Government on the campus will be completed about December 1, 1946. When finished it will accommodate about 700 single men. Before the completion of this project, it may be necessary to house that number of men students at the Sunflower Ordnance Works in comfortable barracks buildings. If this is done, the University will provide bus transportation to and from the campus.

Housing is available to married veterans in the form of apartments within the city of Lawrence and the facilities at Sunflower Village, 13 miles east of Lawrence. Nearly 500 married students and their families are living in the Village during the summer of 1946, and fall occupancy is expected to approximate 700 students.

HOUSING FOR WOMEN

Information concerning housing for women students is available at the Office of the Adviser of Women, Room 121, Frank Strong Hall.

Eleven residence halls for women are being operated by the University in 1946-47. Corbin Hall, Foster Hall, Jolliffe Hall, Sleepy Hollow Hall, Templin Hall, Carruth Hall, Locksley Hall, Hopkins Hall, Briar Manor offer accommodations for 395 college women. Watkins Hall and Miller Hall, two scholarship halls, offer accommodations for 199 college women on a cooperative living basis. All dormitories are temporarily filled for the school year of 1946-47, and those who apply now must await the development of vacancies.

Harman Co-op is a cooperative house for 25 college women who wish to share household duties and maintain low living costs. Interested candidates should write the Office of the Adviser of Women for complete information.

Eleven sororities maintain houses for women students. Membership is by invitation only. Information about sorority life may be secured from the Pan-Hellenic Secretary, Room 228, Frank Strong Hall.

OTHER EXPENSES

Books and supplies will cost around \$20-\$40 a year for most Kansas students. In Law and Medicine the books are more expensive.

Medical attention, including room and board for ordinary hospital cases, is covered by the health fee.

Expenses for extra meals, laundry, clothing, railroad fare, social activities, amusements, religious interests, etc., will vary with the individual as they do in the home communities.

Dear Dr. Allen:

We are beginning to compile information for the "K Book" calendar for the coming school year, September 1946 to June 1947. We should like to have from you any events which you would like to schedule in the "K Book."

The time for the compilation and printing of the "K Book" is always short. We, therefore, shall appreciate any information you can supply by May 17.

Thank you for your cooperation in this matter.

Sincerely,

Elizabeth Regnier
Adviser of Women.
