

(b). That students be given the choice of buying yearly tickets to all athletic events for \$6 or a general activity ticket including athletics at a higher price.

(c). That the Board withdraw from all participation in the activity ticket.

2. That competitive bids for broadcasting rights be investigated by the Executive Committee.

3. That tickets to athletic events be made available to faculty members and employes of the University at prices only slightly higher than those charged students.

4. That the Budget Committee of the University be requested to study the possibility of paying a larger share of coaches' salaries from University funds.

C. We are not sure how far the jurisdiction of our committee extends. Assuming that it is one of our duties to consider matters which in a general way pertain to the enlargement of income we propose the following:

1. That an end coach be employed throughout the football season at a salary of \$1,200-\$1,400.

2. That a freshmen coach be employed at a salary of approximately \$2,500. (Mr. Hargiss to be assigned as coach of the "B" team).

3. That the ^{Board} Association organize an alumni group to inform other alumni concerning our athletic needs and program, to aid in interesting qualified young men to attend the University, and to support the athletic program in such other ways as may become advisable.

We suggest the state be divided into a number of districts, somewhere between 12 and 20, that one man be chosen as head representative in each district and that he select some five or six graduates
