March 29, 1938.

Mr. Cwinn Henry,
Director of Athletics,
University of Kansas.

Dear Mr. Henry:

I regret that I will be unable to serve as an official for the 16th annual Kansas Relays which will be held on April 23.

I had already made arrangements to attend the National Physical Education Association meeting at Atlanta, Georgia, from April 20 to 23.

We do appreciate, however, your asking us. We trust that the Relays will not only maintain their previous popularity but also will far exceed anything heretofore.

With every good wish, I am

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. Forrest C. Allen, Director
Department of Physical Education
University of Kansas

Dear Dr. Allen:

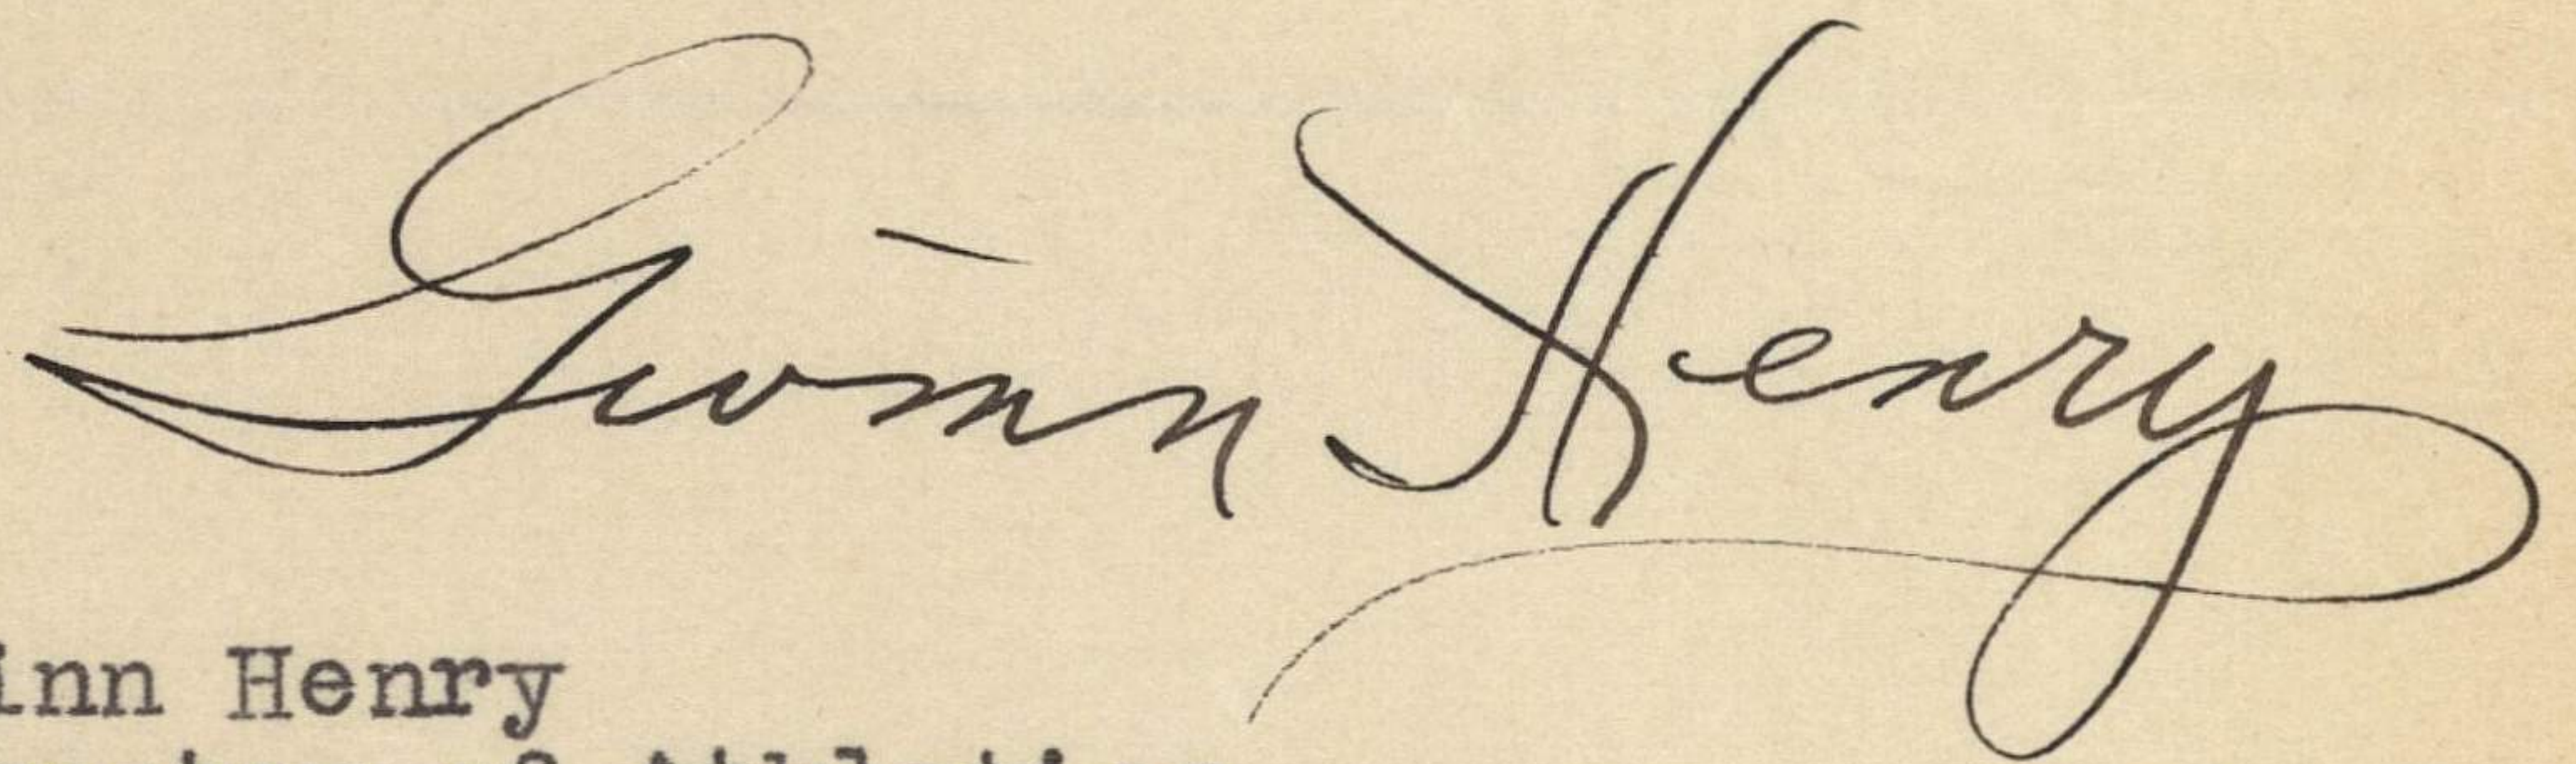

The Sixteenth Annual Kansas
Relays will be held this year on April 23rd.

As in the past, we are asking
a number of our good friends to act as officials for
this meet, and I am writing to ask if you can serve
in this capacity. A reply at your early convenience
will be greatly appreciated, as we are desirous of
having a complete list of our officials in the Kansas
Relays program.

Information concerning position,
costume, etc., will be sent to you at a later date.

We shall greatly appreciate
your kind cooperation.

Very sincerely yours,

Gwinn Henry
Director of Athletics

GH:IW

March 7, 1938.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Mr. Henry:

I am enclosing herewith the recommendations for freshman numerals to the Freshman Basketball Squad submitted by Coach Plumley. This list has my approval.

These boys are the ones who have stayed out for practice all season, and many of them show promise of possibilities in the future. They have given a good account of themselves.

I trust that you will approve the granting of freshman sweaters to these boys.

Sincerely yours,

Varsity Basketball Coach.

March 4, 1938.

Mr. Gwinn Henry,
Athletic Director,
University of Kansas.

Dear Mr. Henry:

Squad morale won the Big Six Basketball Championship for 1938. I do not ever recall in all my years of coaching a situation similar to this year. Faced with opposing teams who apparently seemed to have more abundant and more skilled material, our Kansas basketball squad had a near-impossible task.

We lost our first conference game. It was not like a high-geared champion or near champion being defeated, but rather it was a team that boasted of few stars but many, many eager boys who were willing to give everything they had to acquit themselves creditably.

Our "B" games were played with an enthusiasm and a seriousness that was to soon indicate the type of men we had on the squad. I do not ever recall in all my years of coaching a situation similar to this year's experience. For their unstinted devotion and excellent cooperation I wish to recommend to you the following men for varsity letters for the season 1938:

Fred Pralle
Sylvester Schmidt
George Golay
Don Ebling
Lyman Corlis
Richard Harp
Carl Johnson
Loren Florell

Penlon Durand
Lester Kappelman
Bruce Reid
Robert Hunt
Nelson Sullivan
Ed Wienecke
Wayne Nees
Kirk Owen

Trusting that you will see fit to present this at your earliest convenience to the members of the Athletic Board for their approval, and trusting that these names will have your approval, I am

Very cordially yours,

FCA:AH

Varsity Basketball Coach.

February 19, 1938.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Director Henry:

The other day while speaking to Professor W. W. Davis I mentioned the fact to him that I was personally expecting to buy for my freshman basketball players light sweater awards on which they could have their numerals placed if and when they received them.

We have a very outstanding freshman team in basketball. Professor Davis seemed a little surprised that only the football players have received freshman sweaters. I told him that during the depression all freshman awards had been done away with, with the exception of the football team.

This year, as I remember, there were over 64 awarded, or one to every man who stayed out during the fall for football. However, only about 43 qualified. I felt that this created a certain complex with the other freshman teams, and I told Talbott, of Elliots, at the end of the season I would purchase a certain number of sweaters and personally give them to the boys for their services. It is my feeling that any freshman team that works regularly and scrimmages against the varsity is worthy of some slight token of consideration. Doubtless the development that our varsity team has made is due in a certain definite part to the regular scrimmages we have had with our star freshman outfit.

The freshman are not cognizant of my intention to purchase these sweaters. Professor Davis suggest that I write you to ask you to bring the matter before the board for consideration, that freshman sweaters be purchased for freshman teams that practiced regularly and maintained their identity throughout the year. If you feel that this suggestion is worthy of consideration I would be happy to have you bring it before the board. Of course, if the athletic board feels that they would desire to spend a small sum, say about \$3.50, on sweaters the like of which were given to the freshman football team, I would not purchase those from Mr. Talbott, but if the board does not feel that they have funds to do this, or do not care to enlarge the award list to the freshmen, then I will go ahead and personally present these boys their sweaters when the board votes their numerals.

Just this past week two of the outstanding men on the varsity football team told me that they really got more thrill out of receiving their freshman numeral light sweaters than they did when they earned their varsity K. If this is true, then I believe there is a very definite merit in awarding freshman sweaters.

Thanking you for your consideration in presenting this to the board, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

November 15, 1937.

Mr. Earl Falkenstien,
Athletic Association.

Dear Earl:

In the list I submitted to Gwinn Henry he approved three dozen knee pads for freshmen and varsity players to keep them from skinning up their knees. We will let the freshmen use the old ones as far as they go.

Instead of using the green cotton shirts for the freshmen, we are going to use green wool shirts, and we have ordered $1\frac{1}{2}$ dozen of those at \$1.30. However, we are not ordering the green pants, using instead the old varsity flannel pants. On the wool shirts we will have the numerals and the word Frosh in white.

Sincerely yours,

Director of Physical Education.

November 15, 1937.

Mr. Earl Falkenstien,
Athletic Association.

Dear Earl:

I have talked to Dean Swarthout and it is perfectly agreeable to him to set up the seats on the stage for the varsity-frosh game on December 3, and leave them up for our Doane and Ottawa games on the 6th and 7th.

Then we can again set them up for the Baker game on the 13th and use them for the three games with Baker, Southwestern and Morningside.

I think your idea is a bully one to admit the students to the first three games on their activity ticket.

Do you not think it would be a good idea to let the Jay Janes begin selling season tickets as early as possible? Also, since we have the schedule made out, is it not a good idea to have placards made for home games? Would we have time to get them from Leader Zeus and Company, the same outfit that printed the football placards?

Sincerely yours,

FCA:AH

Director of Physical Education.

November 15, 1937.

Mr. Earl Falkenstien,
Athletic Association.

Dear Earl:

I am wondering if it would be possible to have the Athletic Association pay the chat bills on the tennis courts and then present that bill for payment along with Dell Davidson's labor bill.

I believe this would facilitate matters a great deal. I will talk with you regarding the whole set-up.

Sincerely yours,

FCA:AH

Director of Physical Education.

November 16, 1937.

Mr. Earl Falkenstien,
Athletic Association.

Dear Earl:

Last Saturday I spoke to you about Barrett Hamilton, the captain of the Kansas team along about 1925 or 1927. He came to the game and paid his way. I did not know that one of the tickets was for him.

If you care to send him a refund his address is United Liquors, Fort Smith, Arkansas. I thought perhaps you would want to do this.

Very cordially yours,

FCA:AH

Director of Physical Education.

October 20, 1937.

Mr. Gwinn Henry,
Athletic Director,
University of Kansas.

Dear Gwinn:

I prefer that you write Harry Posner, telling him that you are the new Athletic Director, and giving him your decision regarding the possibility of sending any discarded equipment over to the prison.

It has been several years since such a thing has been done, and certainly if there is no equipment on hand it would be an easy matter to tell him that you have no such equipment.

I will thank you if you will kindly take care of this correspondence as he does not know me, but is just writing to the fellow whom he thought was in charge.

Very cordially yours,

FCA:AH

Director of Physical Education.

October 20, 1937.

Mr. Gwinn Henry,
Athletic Director,
University of Kansas.

Dear Gwinn:

I am sending you a carbon copy of my letter to A. B. Mackie. The tentative games that I have discussed have been with Liston, of Baker, either here or at Baldwin. I discussed with Earl, in your absence, the possibility of playing the game at Baldwin.

We offered Liston \$30.00 guarantee with an option of 50% of the cash gate receipts. Student tickets are not to count in the settlement.

The other angle that I wanted to explain to you was the possibility of our playing Rockhurst College in Kansas City. The Big Six has a ruling that you may not play a school in a city in which the college is not located. My notion was to play Rockhurst College in Convention Hall if Pat Mason could get the Hall at a very reasonable fee. I have a notion that we could draw a very fine crowd in Kansas City, and if we could arrange a double header to be played between two strong college teams or two independent teams in Kansas City, I believe each of us could make some money.

About the only date we could play Rockhurst College would be New Year's night. I understand McElroy, City Manager of Kansas City, is in favor of letting college teams play there at a very small rental. I had in mind the making of some money for the Athletic Association. I will be glad to discuss this deal with you for your approval or rejection before anything is definitely done.

Very cordially yours,

FCA:AH

Director of Physical Education.

Dr. Forrest C. Allen
Haemwold Cottage
Culver, Indiana

Dear Dr. Allen:

We received your letters Saturday morning and this morning and are glad to know that you are having such a frivilous time back in little 'ol New York.

If it is cool up where you are you had better stay there as it is scorching here. All of last week and beginning with this Monday morning the temperature has been hovering around the 100 mark and the humidity is very high, making everyone very uncomfortable and cross.

They have our offices completely wrecked and we are installed back in the large intramural office. Mr. Falkenstien and I have put our desks end to end and a few filing cabinets on the end of them so that everyone who comes in has to feel his way around.

As far as they have gone with the new arrangement it looks very well and I believe is going to be much nicer than we anticipated on first consideration. When they cut the door from your office into the hall they ran into a night big water pipe but luckily it was a dead one and they could just cut out the part that was in the way. The door came out nicely that they cut through the stone wall and the glass partitions are working in nicely into the front office. It looks as if someone had just pushed it over to the other side.

Elwyn N. Dees put out to sea yesterday on that (we tried to tell him stormy) sea of matrimony. And as would be the case, I believe it was the hottest and most perspiring day we have had, but we stuck it out and saw him safely on his way. It was a lovely wedding regardless of the weather and Maxine looked very lovely and cool in her new fall ensemble and orchids-! (I am afraid Elwyn is making a rather expensive start there don't you think because women have rather a weakness for such blossoms).

They are motoring up to Canada to visit Milo Clawson and Ormand Beach and plan to be gone about three

UNIVERSITY OF KANSAS
LAWRENCE

DIVISION OF PHYSICAL EDUCATION AND
INTERCOLLEGIATE ATHLETICS

#2

weeks which will bring Elwyn back around the 1st of September to go to work. They will furnish their home at that time and I am worried for fear Elwyn won't get to hang any of the pictures and do the odd jobs that go along with this moving into a new home business.

Mr. Falkenstien and Mr. Davidson have recovered your plaque "The Penalty of Leadership" and Mr. Falkenstien said ask you if you wanted it mailed to you or just kept here at hand until you returned. You did not state in your letter.

Jim Raport just came into our office and stated it reminded him of W.C. Fields filing system - you know where Mr. Fields piled all the papers on his desk and pulled the roll top down - and strange as it seemed could find any paper they asked him for. That will give you a pretty good idea of how we look.

I am enclosing a letter which came in the morning mail from Mr. Elbel for you and also some requisitions which Mr. Falkenstien would like to have signed.

With best wishes for some nice resort weather when you reach Indiana, I am

Sincerely,

Eugene Webster

:IW

P.S. Tell Jane that Joe told me about helping she and Mary pack and he stated he didn't know two girls could have so many things to take on a vacation. Which only goes to show that Joe doesn't know about girls although his assertions regarding the matter are in the affirmative.

Dr. Forrest C. Allen
Care McGraw-Hill & Co.
330 West 42nd St.
New York City

Dear Dr. Allen:

I called Miss Rich upon receipt of your letter and she has decided this is the way to handle the situation.

She will be in New York next week-end and her address will be 110 Morningside Drive, Ap't 5, New York. Her telephone number will be Monument-26999 and is in - the name of J.M. Winslow. The final proof will be sent there for her to read.

She has sent over to me this morning the schedule for Physical Education classes this fall so that I may enclose it in my letter to you. It may be possible for you to fill in these instructors after you have read Mr. Elbel's letter and you can then call Miss Rich or drop her a note at the above address. (The schedule is enclosed herewith)

It has been hot and steamy this week and we are still needing rain. The weather man has promised showers but all we have gotten is the humidity.

Mr. Davidson and the boys were up and took all the pictures off the walls and cleaned out the store-room upstairs. I guess Mr. Bayles will be ready to start about the 15th and we are told they plan to rush the job right straight through, which will be fine for us.

General Falkenstien and I are trying to get some work done and keep cool at the same time, (incidentally - scowling every time a coach walks in the door.)

I am enclosing the mail to date.

Hoping it is cooler there than here and with best wishes, I am

Sincerely yours,

Eugene Webster

UNIVERSITY OF KANSAS
LAWRENCE

DIVISION OF PHYSICAL EDUCATION AND
INTERCOLLEGIATE ATHLETICS

July 24th
1 9 3 7

Dr. Forrest C. Allen
Care Robert Allen, Black Horse Troop
Culver Military Academy
Culver, Indiana

Dear Dr. Allen:

Miss Rich just called and gave me the following information asking that I convey the same to you.

The following courses which I will list as she gave them to me do not have instructors assigned and Dean Schwegler says they must have the names of instructors for the catalogue.

Physical Education	#	31-M
" "		31-W
" "		32-M
" "		32-W
" "		33-W
" "		34-W

Courses 67 and 68

First Aid	#	37
Kinesology	#	85 2 hrs.
Content & Methods	#	M-94
Supervised Teaching	#	M-94a
Human Anatomy	(5 hrs.)	spring semester

Miss Rich stated that she had all her material ready to go to the printer with the exception of this information and that she should have this not later than the middle of next week.

She also said that the Dean stressed the point and asked that she give you a note of it - that a

UNIVERSITY OF KANSAS
LAWRENCE

DIVISION OF PHYSICAL EDUCATION AND
INTERCOLLEGIATE ATHLETICS

#2 Dr. F.C. Allen
July 24, 1937

teaching load must not include more than 45 clock hours per week. For example an instructor may have 12 hrs. class room work and 9 hrs. outside supervision. Figuring each class room hour at 3 hrs., 12 hrs. would equal 36 hrs. plus 9 hrs. would make a total of 45 hrs. teaching load.

It was Miss Rich's understanding that you had written Mr. Elbel and that this information would be sent in to her.

I am enclosing a copy of the new curriculum on which I have scratched the courses as I thought they applied.

Miss Rich also mentioned that the Dean left a note on her desk stating that the introduction which you had asked him to write for you would be sent to you before he went away. She did not know what the introduction pertained to but I thought perhaps the booklet on Physical Education which you discussed putting out.

We lost the ball game 3-0, but it was Coffeyville's best team out of a league of four so we did not feel too badly.

I am enclosing the mail received to date.

We had a real rain storm last night with lots of rain and it is raining steady showers today - air feels just like Colorado, which is a delightful change.

I am also enclosing a notation which Jay Plumley said you asked be sent to you.

Best wishes for a nice trip.

Sincerely,

Eugene Webster
