

November 15, 1937.

Mr. Earl Falkenstien,
Athletic Association.

Dear Earl:

In the list I submitted to Gwinn Henry he approved three dozen knee pads for freshmen and varsity players to keep them from skinning up their knees. We will let the freshmen use the old ones as far as they go.

Instead of using the green cotton shirts for the freshmen, we are going to use green wool shirts, and we have ordered $1\frac{1}{2}$ dozen of those at \$1.30. However, we are not ordering the green pants, using instead the old varsity flannel pants. On the wool shirts we will have the numerals and the word Frosh in white.

Sincerely yours,

Director of Physical Education.
