

October 7, 1938.

Mr. Earl Falkenstien,  
Athletic Office.

Dear Earl:

There are a few items to which I wish to call your attention in regard to the varsity dressing room. I believe Mr. Davidson can take care of these matters very satisfactorily.

Everything in the varsity dressing room is clean and well painted with the exception of a large shelf that is made of dark, stained wood. I wonder if Mr. Davidson could cover this with a couple of coats of paint. Also, we desire to have a mirror put in this room, and a bowl with hot water connection for hot towels. I thought perhaps Mr. Bayles would have an old bowl that was not being used which could be put in here for this purpose.

We need a medicine cabinet for the new varsity dressing room like the one in the other dressing room, which is now the treating room for the football men in the morning and the frosh in the afternoon. When the visiting teams in the Big Six come here they will use one of these rooms for dressing quarters, and we need a cabinet in each room.

In the check room we need pipes for the dryers to hang on. Also, we need another pipe in the dressing room proper to hang the clothing on. We need two benches, one on the north and one on the south. We have one on the east, but this is not enough.

There are two high tables which need the legs cut off and the tops covered, so that they would be more convenient to use. Also, we need to have two treating tables in the new room similar to the ones in the other room.

I will appreciate it if these items can be taken care of at an early date. Thank you.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
