

September 13, 1938.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Gwinn:

This will acknowledge receipt of your communication of the 8th instant regarding verification of time slips of boys working for the Department of Athletics. I assure you that I will be very happy to conform in every regard concerning your suggestion. Besides my desire to follow your suggestions, may I add that as your predecessor this had been my policy.

I may also state that last year, as coach of basketball, this program that you have outlined was followed to the letter by me. Mr. Dees, the trainer, asked that I sign some slips, checking the time of boys who were working directly with me and at a time when Mr. Dees was not present to supervise the work. The records will show that many times when the boys would be absent for an hour or so a strict account of all that was made and no time was turned in for them. This, of course, is definitely as it should be.

I did not just sign time slips for boys who were supposed to work, but signed slips only for the boys who were there and on the job every hour that they were supposed to work.

Regarding the hiring of ineligible boys, I might say that this again had been my policy, and it meets my enthusiastic support. When a boy ceases to make passing grades we have never given him one hour's work.

Assuring you of my hearty cooperation with you in this, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
