

June 20, 1938.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Gwinn:

Mr. Max Bishop, coach of the Southwest High School, Kansas City, Missouri, is a graduate of the University of Kansas, 1922. A great many of the Kansas City, Missouri, high school boys are put on the Kansas Relays officiating program. While here last week in the coaching school Mr. Bishop mentioned the fact that if ever he were called upon he would be glad to serve as one of the officials for the Kansas Relays.

I would appreciate it if you could see fit to give Mr. Bishop consideration as one of the Relays officials. I know that he would enjoy it, and he is a very efficient official. The fact that he is one of our boys would only increase his interest in the good that we could do for him and he could do for us in this position.

Many of the Southwest athletes come here to school and it would be a natural tie-up which we should encourage. I am sure that you and I both agree upon this point.

I will appreciate it if you will give Mr. Bishop careful consideration for the 1939 Kansas Relays.

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
