23 July 1945.

Dear Dr. Allen.

Received the June 25 issue today.
Which reminded me of my neglect to send you
my new address.

I was almost sure I saw Pat
Allen at the California Golf Club a week ago
Wednesday. His foursome was about four
holes behind mine. The distance was always
considerable and besides he was in the
Army at Bell Memorial. And now I find he
is in the Navy, in Frisco, and so it was
no doubt he.

Speaking of golf; Doc Yakery; pro
at Whitehills in Topeka and then I think K.C.,
is instructor and coach here on the base.
Sure wish I had time to try out for his
team. Seems I spend more and more of
my time as a sub doctor. More and more
I come to appreciate my P.E. training and
especially your Theory and Treatment classes.
Last January I tried to get into Rehabilitation
School in New York but the school was closed.
Now I am back to doing something important
