R. E. WEINZETTEL
SALES PROMOTION MANAGER

July 20, 1942

Dr. Forrest C. Allen
University of Kansas
Lawrence, Kansas

Dear Phog:

Have your letter of July 14, with reference to Miss Winifred Van Hagen of the Department of Education, Sacramento, California, and her request for a copy of the Goal-Hi Rules Book which we are sending.

I had no idea that "Uni-Goal" offered a Rules Book. Maybe I've been asleep but in any event I have taken steps to obtain a copy and just as soon as I get hold of same, I will send it on to you as requested.

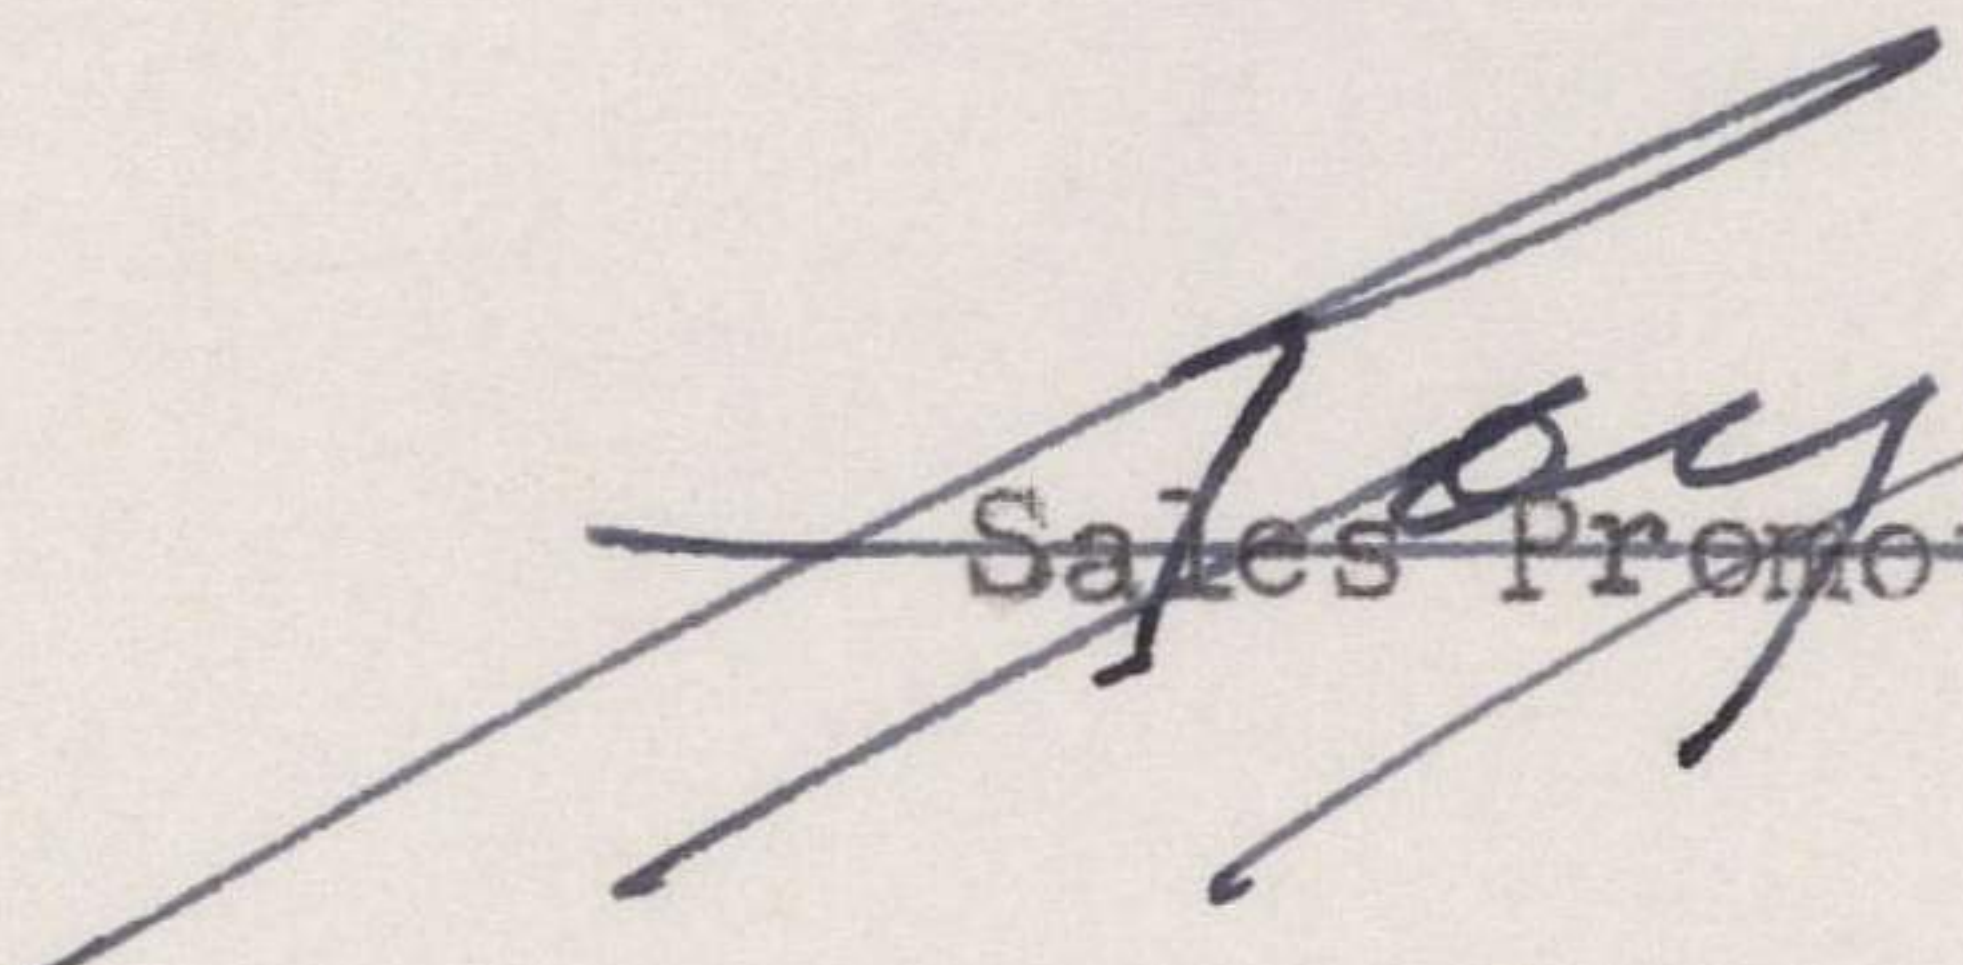

We, of course, are thoroughly in accord with your letter to Miss Van Hagen in which you authorize her to re-arrange the rules as she sees fit.

I wonder if it is as hot out in the sovereign state of Kansas as it has been in St. Louis the last few days. We certainly have been enjoying mid-summer heat of the St. Louis variety.

Kindest regards.

Cordially yours,

FRED MEDART MANUFACTURING CO.

Dear Phog:

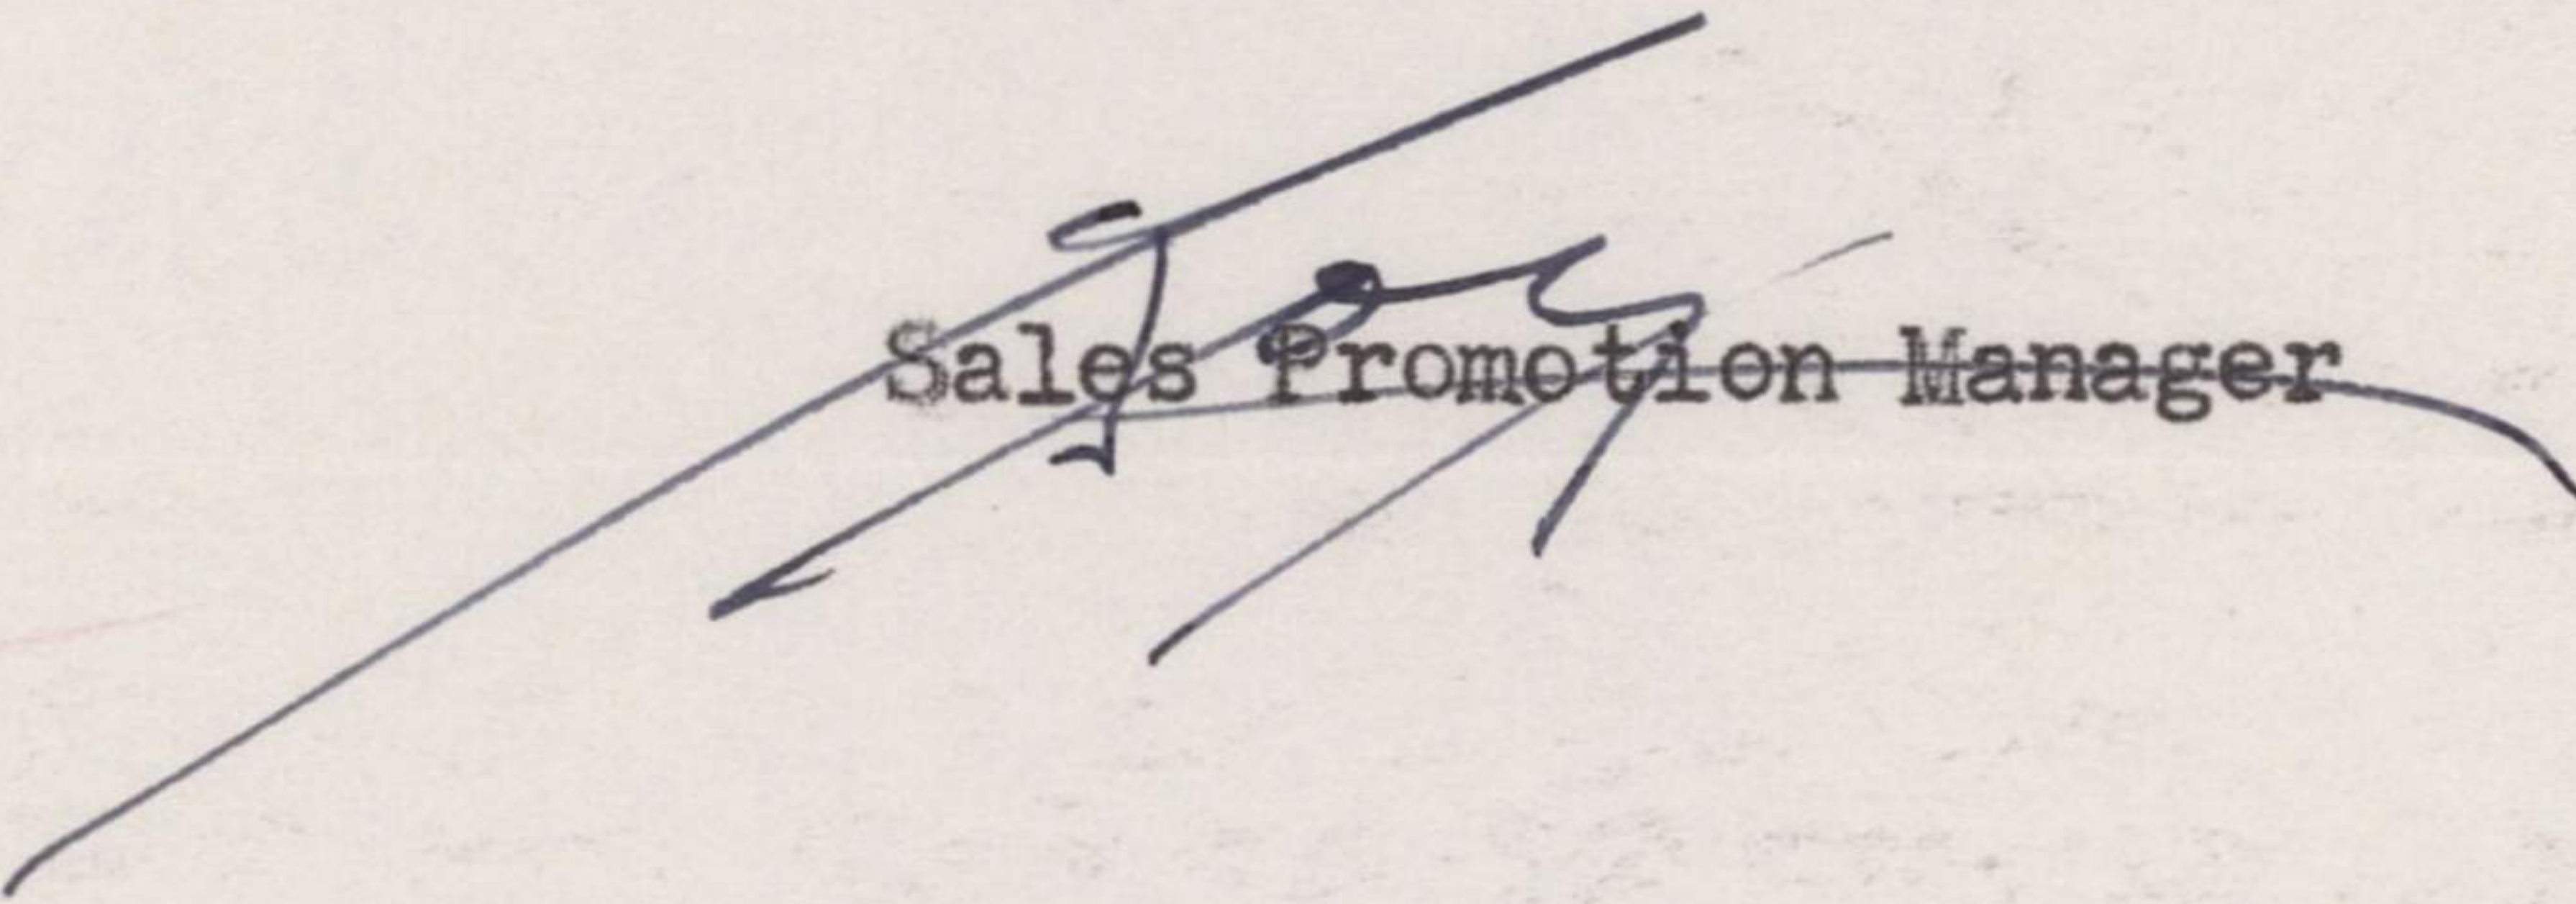

I wrote my friend Walter Bischoff of Rawlings regarding that "Uni-Goal" Rules Book, thinking that possibly they had one and received the enclosed letter from Walter, in this morning's mail.

I will continue to search for the "Uni-Goal" Rules Book, but don't be surprised if I fail you in this instance.

Kindest regards.

Cordially yours,

July 11, 1942.

Mr. E. J. Medart, President,
Medart Manufacturing Co.,
St. Louis, Mo.

Dear Mr. Medart:

I very humbly beg your pardon for writing you on July 8th asking about the clarification covering royalty due me the second quarter. Our letters apparently passed in the mail because I received a letter from Roy Weinzettel, your sales promotion manager, dated July 8th, enclosing a check for \$175.84 for royalty due me on the second quarter of 1942.

I assure you that I have been very well pleased indeed with the returns and if and when I get to St. Louis I will buy the whole Medart Manufacturing family a drink, and they can specify the brand. I wrote you because I was wondering whether it was a bookkeeping error or not.

I wrote Roy this morning that I am working on something that should go over a lot bigger even than Goal-Hi. I am not just certain now regarding the placement of the manufacturing of it because another fellow is in with me and he is the determining influence. However, I believe that it would work tip-top with you and your firm. Some time when we have an opportunity to visit I will lay the idea before you and see what you think about it.

With all good wishes for your continued health and prosperity, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

July 11, 1942.

Mr. R. E. Weinzettel,
Sales Promotion Manager,
Medart Manufacturing Co.,
St. Louis, Missouri.

Dear Roy:

I acknowledge with appreciation your check for \$175.84 covering royalty due us for the second quarter of 1942. I am entirely satisfied with the size of the check. In fact, I am happy about it because the war dislocations have done a lot of things to a lot of people and organizations.

I am sending you a copy of the letter that I wrote your boss, E. J., after I had received the lump sum royalty check. You will understand, of course, that I just wanted to get the matter clarified.

I have something else that I am working on that should net a lot more money than the Goal-Hi has if it works out when the war is over. The thing that I am working on now could not be manufactured during war times. But it will concern you and your firm and I want to discuss it with you and your boss if the opportunity materializes.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

July 8, 1942.

Mr. Edward J. Medart, President,
Fred Medart Manufacturing Co.,
Potomac and DeKalb Streets,
St. Louis, Missouri.

Dear Mr. Medart:

I desire to acknowledge receipt of check from your secretary, Mr. Banashek, for \$750.00 covering royalties of Goal-Hi in accordance with your letter of June 11. In your letter you state that you think you had approximately one thousand Goal-Hi's to dispose of in such a deal that on a lump royalty we would agree to cut from \$1,000 to \$750.

I was very happy to agree to this plan and my reply was, "Under war effort situation accept your suggestion". This had to do with the one thousand that were sold. Do we not have a royalty on Goal-Hi's sold during the two months previous to June and up to June 11?

Also, you state that you are retaining only a few hundred Goal-Hi's for shipment during the next few months to important customers. Would we not have a future royalty on these sales?

I am writing for information.

Thanking you, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

E. J. MEDART
PRESIDENT

June 11, 1942

Dr. Forrest C. Allen
801 Louisiana Street
Lawrence, Kansas

Dear Dr. Allen:

When we sell out our present stock of Goal-Hi's, we will be unable to manufacture any more. In fact, I am right now greatly concerned about the possibility of a freeze order (M-126) which would prohibit the sale of Goal-Hi's as it has many of the other things we make. At the moment, I know if I asked whether they were included the answer would be yes and we would be through, and someone else is very likely to raise that question with W.P.B.

I think I have an opportunity to sell in one lot all of the Goal-Hi's we have left, but to complete this transaction I will have to make a very close price to a dealer who would then be assuming the risk of having this item frozen by inclusion under the M-126 order, and I am very much inclined to move these units now, retaining only a few hundred Goal-Hi's for shipment during the next few months to important customers.

My thought in writing you is to suggest that you cooperate to the extent of taking a little cut in your royalty. I think I will have approximately one thousand Goal-Hi's to dispose of in such a deal as I suggest, and it would be my idea to give you a lump royalty payment of \$750.00, as I will have to sell these under \$20.00 to make the deal.

If this is agreeable to you, I suggest that you wire your approval as I do not want to let this deal get cold.

Yours very truly,

EJM:D

E. J. Medart

St. Louis, Mo.

Dear Roy:

I am enclosing a letter I have received from Miss Winifred Van Hagen, of the Department of Education, Sacramento, California, and a copy of my reply to her.

I think it would be a good thing to spread the name of Goal-Hi out there. I notice that the "Uni-goal" is permitting use of their rules, but Miss Van Hagen states that they are not complete enough for their use. I would appreciate it if you would get hold of a set of the "Uni-goal" rules and mail me a copy. Carrying this thought further, ours are so much more complete that if we send them and permit the California people to use them our rules will take precedence of the others in no uncertain degree.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Miss Winifred Van Hagen, Chief,
Bureau of Physical Education for Girls,
Department of Education,
Sacramento, California.

Dear Miss Van Hagen:

I am glad to reply to your letter of the 9th instant concerning the rules for Goal-Hi. We do not keep a supply of the Goal-Hi rules books here, but I am sending your letter on to Mr. Roy Weinzettel, of the Medart Manufacturing Company, St. Louis, Missouri, makers of the Goal-Hi equipment. They also handle the distribution of the rules.

We appreciate your interest in Goal-Hi, and so far as I am concerned I would not in the least object to your re-arranging the rules to agree with the general plan that you are using in writing up rules for games.

I am sure that the Medart people will be very happy to cooperate, as you promise due credit given us for any material that we may permit you to use.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Lawrence, Kansas

Dear Phog:

We have your letter of the 8th addressed to Mr. Medart, with reference to royalty payments on Goal-Hi sales.

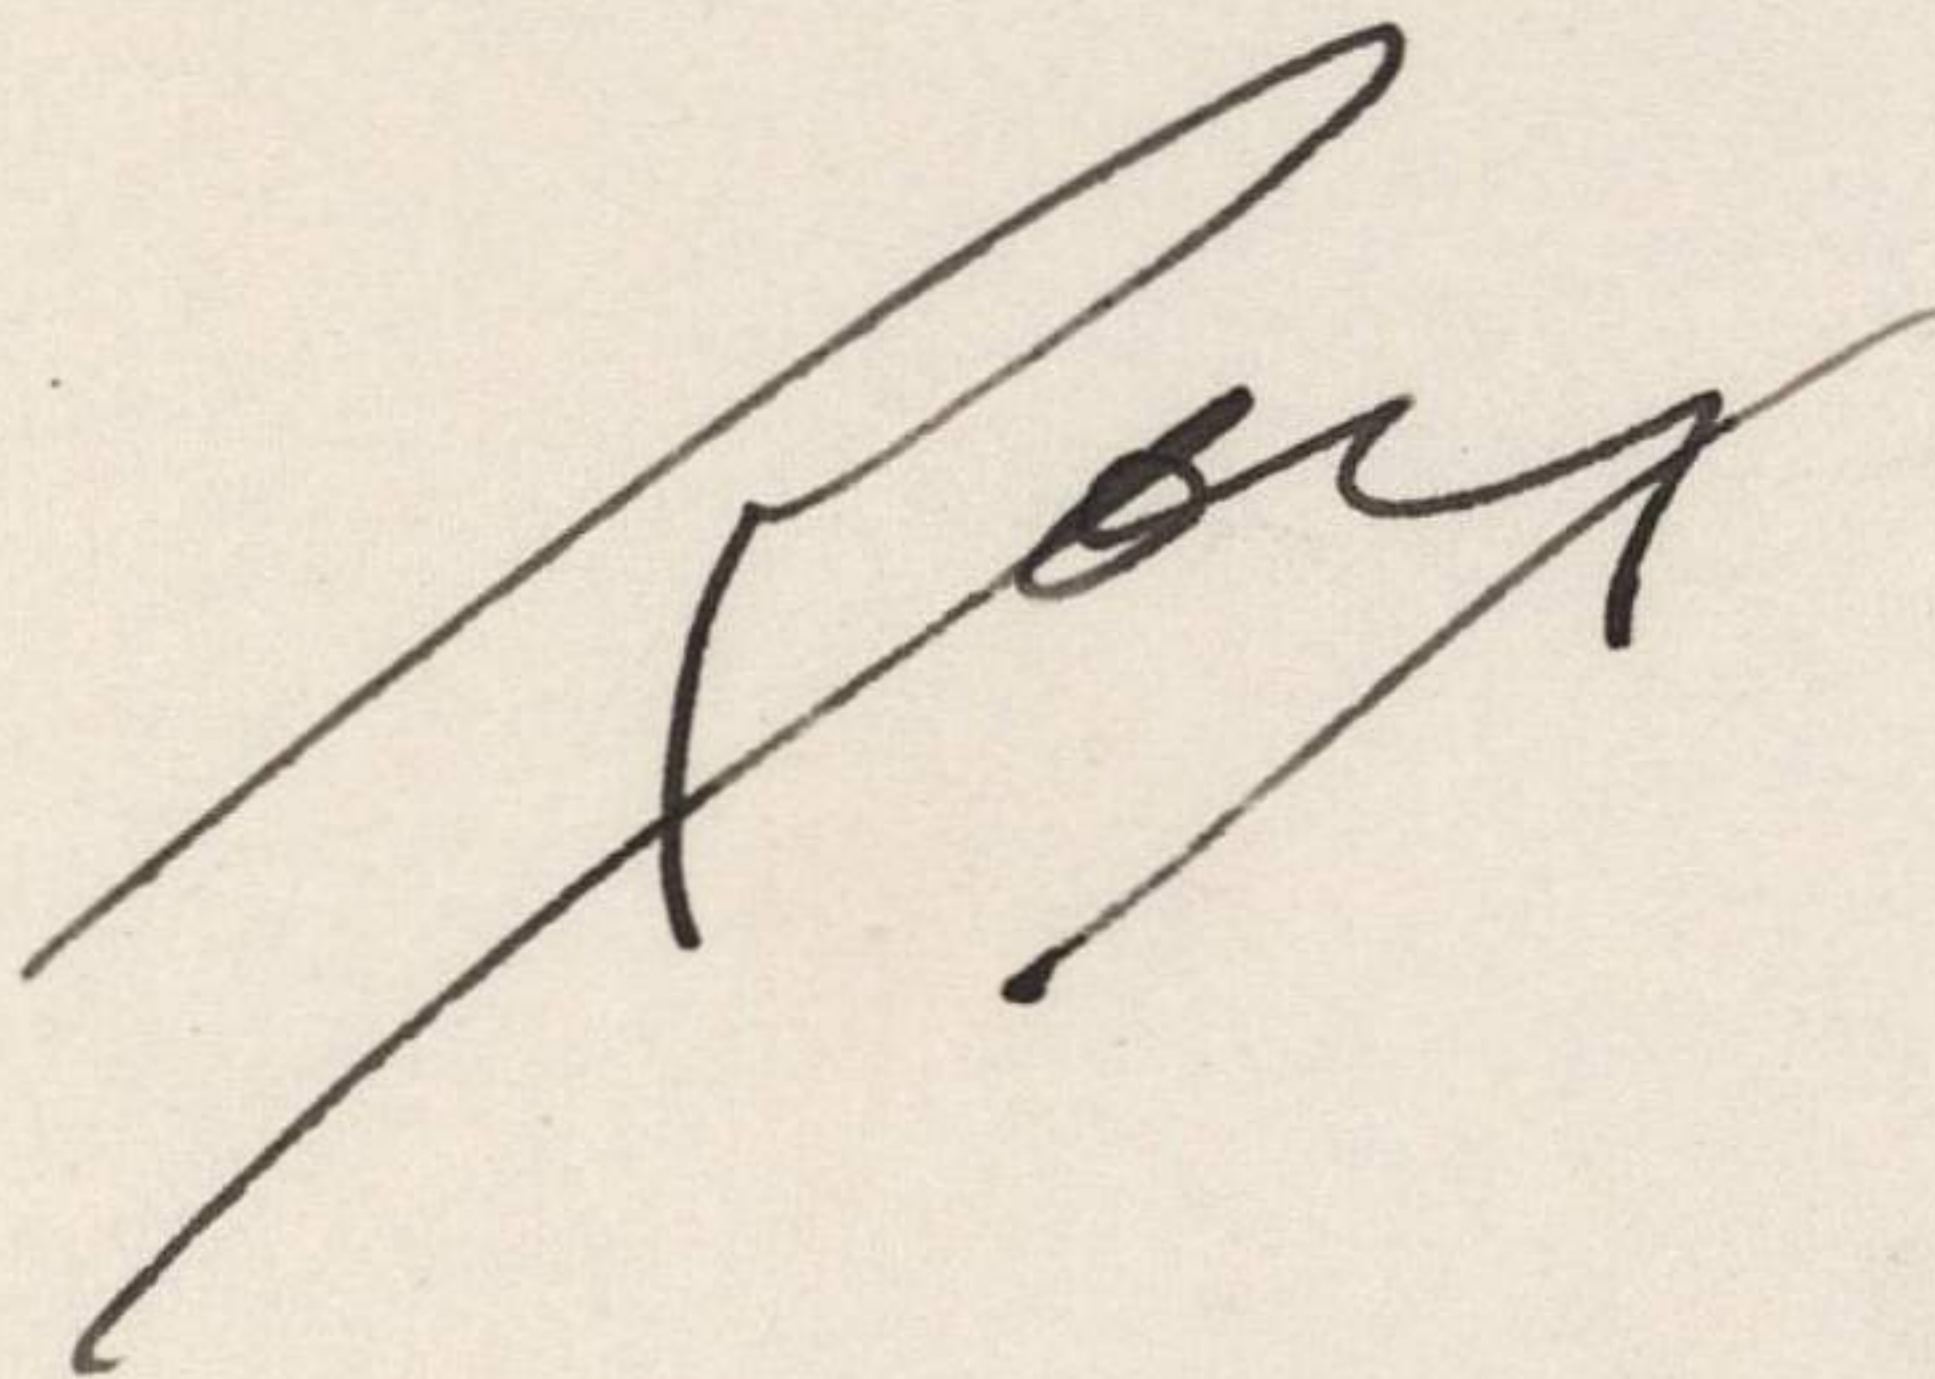

Evidently our letters passed each other in the mail as I sent you, last week, the royalty due you for regular sales for the second quarter of 1942. This answers the question in the second paragraph of your letter.

You will continue to receive your regular royalty on regular sales of the remaining limited stock of Goal-Hi which we have on hand and which Mr. Medart mentioned in his letter concerning the special government deal.

Hope this answers your several questions satisfactorily, and with kindest regards to you and Mrs. Allen, I remain

but when I find a fellow
who does not subscribe
gets me

The original unpleasantness
was first precipitated by
the Univ. of Oklahoma
authorities, Mr Kraft, Mr
Haskell and Mr. Drake
when they each designated
the disqualification of
Gerald Tucker as a Pearl
Harbor or a sneak
attack and directly
charged that F.C. Phoy
Allen was responsible for it.

In replying to the
attack of these Oklahoma
gentlemen upon me,
I in turn exposed
flagrant athletic ir-
regularities of the Ok-
school. ^{now}

I desire to point out
that I very properly wrote
my Superior Prof. W.
Davis and Edwin Henry

calling attention to the
breach of athletic rules on
the part of the U. of Okla
concerning the Gerald
Tucker case. To this day
I have had no word
from Mr. Henry but
Prof. Davis acted very

~~promptly on the matter.~~
~~Instead of keeping this communication~~
~~with the personal attack~~
~~within due bounds the Oklahoma~~
~~authorities launched a~~
~~series of personal attacks~~
~~upon me. The Oklahoma~~
~~athletic authorities~~
~~are negligent of the~~
~~athletic authorities of the U.S.~~
~~until they attack upon me. I~~
~~made no public statement~~
~~until they attacked upon me. I~~

^{public} point that before I
wrote Prof Davis & Mr.
Henry there already
had appeared a feature
article in the Ok. Star
airing the Tucker case.
Two protests are from Topeka

The other from Manhattan
had inquired of the Star how
Mr Tucker could be included
in the Okla basket ball lineup
He already had played ⁵ games
and was clearly ineligible
so the enquirers stated.

Mr. Harold Keith the ^{sports}
publicity ~~editor~~ ^{writer} of the Ok.
endeavored to explain why
in the Star

Oklahoma considered Tucker
eligible to play as he,
explained Oklahoma's
version in Sunlays Star.
The cardinal weakness
of the Big Six Conference
is that there is no enforcing
agency hence it seems
that the school that breaks
the most athletic rules
is apparently the most
successful on account
of no practiced inhibition.
Personally I believe
in subscribing to the
rules of an organization

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach

November 21, 1941.

Dr. A. E. Garrison,
Apartado #35 & Aereo #3604,
Bogota, Colombia, S. A.

Dear Dr. Garrison:

It was a great pleasure to hear from you as of
November 9th.

Yes, there is a rule book for the Goal-Hi game,
but it is published by the Fred Medart Manufacturing Co., of
St. Louis, Missouri, the makers of the Goal-Hi equipment.
The book sells for \$1.00, but I am asking them to send you a
copy with my compliments. You may feel free to make copies
of the rules if you wish.

Yes, we are in the midst of preparation for our
basketball season. I am sending you a schedule of our games.
Tonight as a part of the homecoming program we are having the
Varsity-Fresh game in Hoch Auditorium. I believe this will
be a big attraction because so many people are interested in
seeing these two groups in action.

Bob and Eleanor are in school at the University of
Pennsylvania, and Bob is extremely busy with his medical
work. He goes to school from 8 o'clock in the morning until
5 o'clock in the afternoon. While Bob has had some offers to
coach basketball he is not doing any of that this year. He
felt he should get more firmly settled in his school work be-
fore attempting any coaching.

Milton, my older son, who is a senior in the Law
School and president of his class, is assisting me with the
freshmen this year. He is doing a fine job.

We shall miss you and Mrs. Garrison and Dean at
our games this winter, but I am sure you are having a most
interesting time in South America.

With kindest personal regards to you and your
family, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

FCA:AH

Bogotá, Colombia, S.A.
Apartado #35 & Aereo #3604,
Nov. 9, 1941.

Dr. F. C. Allen,
University of Kansas,
Lawrence, Kansas.

Dear Coach Allen:

You may be surprised to hear from me in this far away country. But when the chance came to me to come down here in educational work I could not pass it up. I am now learning the Spanish language and have been since we arrived late in July. I will be director of the Colegio Americano when the new year begins late in January. This college takes the student thru about the same amount of work as does the junior college in the states. The students are the pick of the population because there is no mass education or compulsory in this country. The present school year will be over shortly after the middle of this month. Then there will be a vacation until late in January when the new term will begin. We have about 500 students in our college.

I am writing particularly to ask if you will give me some information about your invention called "Goal-Hi". If there is a book or pamphlet of rules for it I should like to have it and I shall be glad to pay you for it. I should like to know the rules of the game, the number of players, the height of the goal from the ground, its diameter, the number of braces from the rim of the goal to the pole, the diameter of the circles at the base of the goal and any other information pertinent to it. We shall probably have to make the goal or have it made because if we bought it new and had it shipped from the states the duty would be so high that it might be prohibitive. I will be glad to pay for any information you may be able and willing to give me. These young people are hungry for games because this is an adult world in this country. There has been no time given to amusements of any kind for children until recently. Even now children under 15 are barred from the 6:15 and the 9:15 p.m. movies. They are allowed to attend only the matinees at 3:15 p.m.

This city in which we live is the capitol of Colombia and has about the same population as Kansas City, Mo. though it is more concentrated as are European cities. There are more than 20 picture shows in the city and most of them show Hollywood productions. Rarely is a picture produced in Mexico or Argentina shown. Since all Hollywood sound films are in English the translation in Spanish is flashed on the screen at the bottom of the picture. We have had several late pictures here from Hollywood. Since we are about 9,000 feet above sea level the temperature does not go above 65 degrees F. though this is a tropical country. The low temperature never is below the 50 degree mark. We wear winter clothes the year round and hence do not need heat in our homes. Temperature is determined here almost entirely by altitude though we are only a little more than 4 degrees from the equator.

No doubt, you are in the middle of pre-season basket ball practice. I hope you have a good team and a satisfactory season. How I would like to see some of your games this year! I note that Ralph Miller is playing football this fall. I hope that he is at his best for basket ball this winter. You will miss your son, Bob and Engleman in your line up but you will have two good boys from Kansas City, Kansas I believe.

How is Bob ~~xxx~~ making it in the east? He is to coach basket ball while attending medical school I have understood. I'll wager he will make a good coach.

Hoping to hear from you at your earliest convenience and trusting I may be able to send one of my students to K.U., I am,

Sincerely yours, *A. E. Garrison*
