Dear Ramie:

You were right, that was Bob Allen at the California golf club. Your eyes are awfully good if you can pick a native Kansas out at that distance, or do they emanate a fragrant odor that you can tell that species from that distance.

Bob finished his internship at Bell July 1st. Six days from the time he signed the War Department inquiring of Navy Enlistment, he had been sworn in, bought his uniforms, made his will, and was on a Union Pacific pullman headed for Frisco. Is that speed or is that just terrific speed. Bob was staying at my daughters, Mrs. Mary P. Hamilton, 860 Center Drive, Palo Alto, California.

I know he would be happy to hear from you and tickled to death to see you. He may have been shipped West before this letter arrives.

Thanks for your kind words regarding the Rebounds. In this morning's mail I received a letter from Bill Replogle and he said he had seen Howard Engleman at Oak Knoll, and it was fine to see and to know he is recovering in splendid shape.

We will be tickled to death to have you home when this damnable fuss is over, but we have got to slap the Nips flat before they will realize that they are completely whipped.

Lots of luck to you, Ramie

Sincerely yours,
