Dear Dr. Allen:

Just a line to thank you from the bottom of my heart for the pleasure of seeing your team in action.

I am sincerely glad that your team won over Fordham and also glad for the opportunity of speaking to two of your boys after the game. It was almost like saying hello to my brother, Bernard.

Lots of luck to you and the Kansas Basketball Team in all your future games.

Again, thank you for a memorable evening.

Vivyan Passman
