

Portis, Kansas, Jan. 24th, 1943.

Dear Dr. Allen: I am a proplet. Yesterday I told someone you was due to lose, not that it was 13, but just on general principles. I see you did. But it was a good one to lose. It will do your team good and be a tonic. They can go better and faster on a good road after being on a rough one. If it had been in the BSix it would have been a jolt.

I saw a comical piece in a Wichita paper other day about you at the Okla. game and sent it to Max and hope he handed it to you. It indicated you were "tough" down there.

Yesterday was warm here; now it is about 0.

Yours,

Kissell, Portis.
