Mr. Reaves Peters,
342 So. Chelsea Ave.,
Kansas City, Mo.

Dear Reaves:

Thank you for your letter. It is perfectly agreeable to me for them to make a schedule any time the august body feels impelled to move.

Our physical conditioning program starts me to work every morning at 7:30, so I get up each day at 6 o'clock and by the time I get through with my administrative work connected with civilian, Navy V-12 and Army A-12, my hours generally run out.

I would enjoy a game of golf with you, but I do not see how I am going to make it. Will you be making any trips around over the Big Six before school opens? We might play a game of golf here at Lawrence some time when you make such a trip. If I should arrange a trip to Kansas City I will let you know.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Doc:

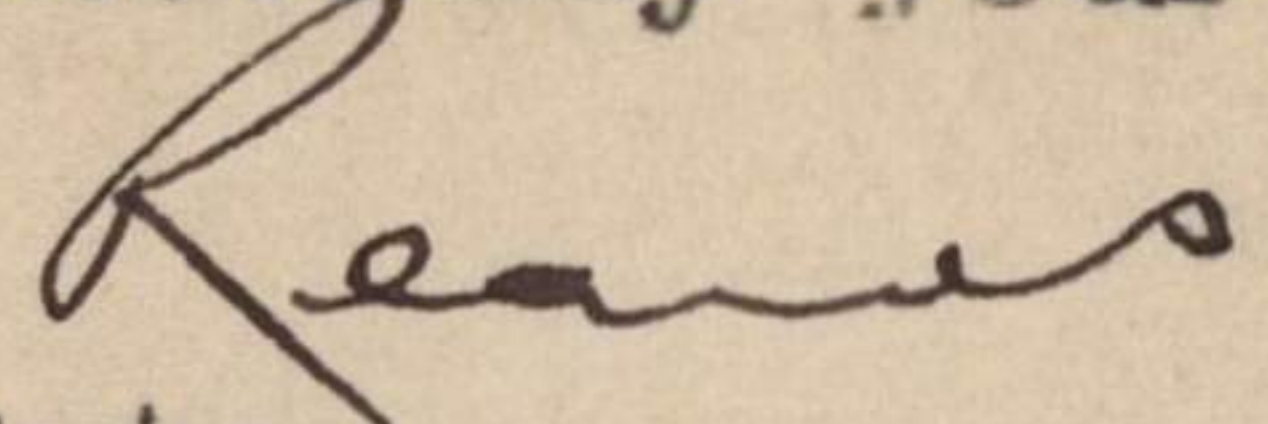

Looks like the powers that be will not make a move in the direction of basketball until the September meeting. It may be just as well, since any earlier commitments would probably have to be changes considerably. However, I don't believe it would interfere too much with the conference schedule when it is made should the schools decide to schedule a few Service teams in advance.

Sorry I can't give you any definite information about the Woerner boy from Central. I don't even remember what he looks like now. I do know that they had a very mediocre team and that Cramer was most of the show; he played center. This other boy may have been fair but certainly not very good or I would have been more impressed with his play.

Spent two ^w weeks in Chicago and Milwaukee after school close the 11th. of June. Since that time I have been pretty busy with my garden and yard; have managed to play golf about twice a week. Better come down and try some of these easy courses. Visited with the Son while in Milwaukee. He is in the Army Air Corps and is due to be sent to Santa Ana California in about a week. He is really hepped-up on this flying; I hope he doesn't get washed out later on.

Best of wishes for a pleasant summer.

Very sincerely yours,

R. E. Peters

Dear Reaves:

A V-12 student, Geldard Woerner, came to me this morning with a bad knee. He stated that he had played on the Central High School basketball team last year.

Not knowing the personnel of the Interscholastic teams this year, I am writing you to ask you to tell me just how good Geldard Woerner was. He was a guard, I am told.

Anything you say will be kept entirely confidential. But I want to know whether I have a basketball player of better than average ability.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,

Mr. L. R. Perry,
Minneapolis, Kansas.

Dear Dad:

I am writing you very confidentially. I am wondering if you would be interested in a position here in our Department of Physical Education for the duration. We have 520 V-12 boys, 120 Naval Aviation Cadets, and we will have between 600 and 800 or more A-12 Army boys by August 1.

I am seeking four additional instructors. We cannot promise tenure only for the duration. On our staff at the present time we have Henry Shenk, Reginald Strait and Ray Kanehl. I am securing some other valuable men who have been teaching in important positions in Kansas high schools. I must secure these four additional men starting August 1 and engage them on a twelve-months basis.

Doubtless you would not care to leave the Lawrence system under an unstable tenure, but if you should care to carry on your graduate work you could take at least 5 hours each semester without interfering with your working salary, and since we have twelve months of school now you would be able to get 12 or 15 hours on your advanced degree if you so desired. And too, you would possibly be able to go to a much larger job in peacetime - going from the University.

We will have eight or ten men in the department, according to the needs. We undoubtedly here at the University will keep a large staff of men to take care of the new phase of physical conditioning necessary for our future generation. So it might be possible for many of these men to stay on after peace is declared. That I cannot promise, of course, as all the men coming in now will be given an instructor's rating, and it is necessary for an instructor to be hired annually.

I have endeavored to give you the background and I would appreciate it if you would sit down and write me confidentially what your reactions are toward a possible job with us. We could pay you \$3000 per year, if arrangements could be made.

Trusting that you and Mrs. Perry and the young lady in your home are all well, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

P.S. We called Elmer Schaake's wife this morning to get Elmer's address, and find that he is at home, with an honorable discharge. I don't know what this means, but it might present another angle to you. If you are interested in our set-up, they might use Elmer in the Lawrence school system. This thought might occur to you - why don't I use Elmer here. Well, Elmer is not a physical education man as much as you are - he is a coach, and we want you because you are primarily interested in physical education.

Dear Red:

I appreciate more than you know the receipt of your fishy ration book, which also extends an invitation to me to be with your select group. Nothing would give me more pleasure than to be with you, but all of us fellows here at the University are enlisted in a cause to make our men more physically powerful and noble to whip the heck out of the slit-eyes, the squareheads and the spaghetti-benders.

Henry Shank, Reg Strait, Ray Kanehl, Dean Nesmith and I are doing our level best to condition these boys that in the critical twenty seconds when they come to grips with the enemy they will be able to finish them off. At least we are hoping that we can aid in this vital and worth while project.

Thanks, Red. Give me a rain check and some time I am really coming down to attend your fine party. I appreciate being remembered by you.

Ration Book

Containing all "Points" Necessary for
Attending the 23rd Annual

"Red" Pierson Fishing Party

at the Cabin on the Neosho River

Burlington, Kansas

Saturday and Sunday, July 10 and 11, 1943

Come and enjoy a weekend with what we think
is the finest group of good sports in the world.

Point 1—This is your invitation to come and spend the weekend with Red Pierson and his Gang. This "Point" is valid after you have sent in your acceptance of the invitation on the attached reply postal and stated when you will arrive. Party begins Saturday afternoon, July 10th.

Point 2—This "Point" when accompanied by necessary Gasoline Coupons, Bus Ticket, Etc., and the required amount of greenbacks will furnish you transportation to Burlington, Kansas.

Point 3—This "Point," when accompanied with the required arguments, which only you can understand and furnish, will soothe the wifie to such an extent that she will give you permission to attend.

Point 4—This "Point," when presented to duly recognized authorities, will permit you to enter the sacred grounds surrounding Red Pierson's Cabin.

Extra Point—For Frogleg Feed Sunday morning at 12:30.

Point 5—This "Point" will get you a seat at the supper table Saturday night at 7:15. The point is it will be a "pointless" meal, consisting of Neosho river catfish (unless the food administrator decides said fish must be "pointed"). Points or no points the fish are caught and will be fried and plattered in due form Saturday night.

Point 6—This "Point," together with \$5, will purchase \$5 worth of blue, red and white chips. The point is to lose that amount as quickly as possible to the Country Boys from Burlington, Kansas, after which additional "Points" can be secured for the purchase of additional chips.

Point 7—This "Point" will entitle you to breakfast consisting of pancakes (not rationed) and possibly eggs (not rationed as yet) and steaming, delicious and aroma-filled river water (FDR coffee), replacing the usual coffee (which is rationed).

Point 8—This "Point" will make you eligible to enjoy another "Pointless" meal Sunday noon, which will consist of further denizens of the Neosho river, fried in true Pierson Cabin fashion, ala jack garrett, etc.

Point 9—If and when you reach the afternoon of Sunday, July 11 without mishap, and providing you have made the necessary contribution to the local wolves, this "point" will permit you to escape from the grounds and return home at your own risk.

(Please fill out and mail this card at once)

Dear Dr. Peete:

Thanks for your good letter. I am sure that everything will be ironed out with the Troxell family to the mutual satisfaction of all concerned.

I am expecting to leave Sunday night for the Rotary convention at St. Louis. Mrs. Allen is wavering whether to go with me or not. I think she is about ready to back out.

Bob and Eleanor are both coming home, leaving there on June 3 or 4. Bob is going to have three full weeks and he is tickled pink. Mrs. Allen has given up her trip back East since both of the youngsters are coming home.

I am sorry that I will miss you next Monday, but I hope to have that expected visit real soon.

With all good wishes to you and all the Peetes,

Dear Friend:

I wish to thank you for your missionary work and hope that everything is going well with you.

I had a letter from Mrs. Troxell and I have answered trying to explain the situation. I feel that some of the difficulty was mine for not having her come first for the history and physical examination and then doing the laboratory work and x-ray work on the following day. If I had followed that procedure I am sure the misunderstanding would never have arisen.

We all enjoyed your news letter very much and when you write the next one please include us on your list. The past week has been one quiz after another for me and now they are all over.

Alice and I hope to see you the night of graduation. We both enjoyed Mrs. Allen's letter and hope that Bob and Eleanor both get home for a visit.

Please give my regards to Milt and Isabell and hope to see you Monday.

So long,

Don

Dear Dr. Peete:

I have just finished talking to Mrs. McSpadden and she was very happy indeed to hear from me because the Trotsells felt pretty much hurt about the matter. I have asked Mrs. McSpadden to write you because she can perhaps give you a better picture than I can. I have never met the Trotsells and for that reason I am further removed from the situation than Mrs. McSpadden.

Mrs. McSpadden also says that she is going to stop in to see you some time soon when she is in Kansas City.

From all reports that I get from Mrs. McSpadden, apparently an awkward situation was presented, but nobody blames you one iota for the thing that happened. It is just one of those situations. I explained to Mrs. McSpadden that your technician had asked to be relieved of her work but due to the scarcity of trained technicians she had been asked to stay on, and the fact that she had worked under pressure doubtless accounted for her lack of proper inhibitions when the Trotsell's came.

It is just one of those things and we will just have to charge it up to one of those explosions that should not have taken place.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,

Dear Reaves:

Thanks for your good letter of the 30th ultimo. If and when they do have that meeting why could not you prevail upon the directors to permit you to draft a basketball schedule? I would be perfectly willing to have you do it. I believe the other coaches of the conference have enough confidence in you to have you do this.

This would save a lot of travel, and if you do not feel that you wanted to make it too exacting you could submit a tentative schedule and allow the coaches to shoot at it if they desire. I am not at all sure that we could make one at the present time as the calendars of the different schools might be altered, but I believe that we are all now getting pretty much on a war basis and the schedule will not be subject to change as much as a year previous.

No, sir, we are not going to be too busy to play golf this summer. When and if you have time let me know and we will battle, but I think you are too good for me. Anyhow, we will have some fun.

With all good wishes, I am

Sincerely yours,

Dear Doc:

Ever since returning from the meeting in Washington D.C. last August I have talked, in all quarters, the need for continuing the athletic program in our schools just as long as it is possible to do so. If the program is to be curtailed, or completely eliminated it should be done only when it is impossible to go on.

I have a feeling that there will be many boys in our schools next Fall and they will want to compete. Of course it will not be competition on the same level as in other years, but at that it should be interesting and very much worth while.

I have heard rumors of a meeting of the directors and representatives the 22nd. of May, either here in Kansas City or Lincoln, Nebraska. However, they are only rumors. If this meeting is held I have an idea something will be done about next year's schedules at that time. No doubt there is the feeling that there is no hurry about this since there would of necessity be many changes made. That has been true of the football schedule, and there are many months to go before that season opens.

At the meeting of the basketball coaches last year, at the time of the schedule making I believe you made some remarks about me making out the schedule in the future, but I don't remember very much discussion about it at the time, and nothing has been said, from any source about that.

Suppose you are too busy to play golf at this time. I have been out once, and did very well at that session. Hope we can play some this summer.

Very cordially yours,

I told you that the war priorities had terminated the making of them, but I have a letter this morning from Mr. Lang in which he says he is making a few of them.

If your patient wants one I would suggest that you write Mr. Frederick W. Lang, Lang Foot Arch Normalizer Company, Forsyth, Georgia, and I am sure that he will send your patient one. They formerly gave thirty days trial, but I am not sure that they are doing that now. In case the Normalizer proved unsatisfactory Mr. Lang would refund the money.
