I should think that the pianist had the program in mind...
 Mrs. Paul Smart (Alice Marie May) I asked to sing the
 verses of their songs alone, and have the men join in
 the choruses. They have such good voices.
 I wrote to Kelly - I feel that I have fallen
 down on the job. Perhaps some other time I may carry
 thru something else. I worked in the office the last
 three or four weeks before we came south, and have had an
 unusually busy season, it seems.
 Best regards, and I hope the program is a
 success.
