

Mit passed his bar examination and is about ready to finish up on his last three hours, in a couple of weeks. He then gets his diploma and will be a full-fledged lawyer, looking for a location. He has two government hook-ups that he thinks will materialize, either Farm Credit or F.B.I. In the F.B.I. no one is supposed to even let it be known that they are an applicant, and I believe since it got in the papers this may work against him. They tell me that they never want anyone to know if you are being considered because should you be elected when you leave then a large number of people know that you are hooked up with the organization, and since they work in secret so much any publicity operates against their project. Anyhow, I know that he will get on to something. In fact, he has things lined up in pretty good shape now.

I presume Mrs. Partner is with you, is she not? Please give her our kindest regards. Also please say hello to Dr. Cornwell, the director there at North Carolina U. He is a good friend of mine. He was at Wittenberg College when Pep Warner and Zuppke and I put on some coaching schools back in Springfield, Ohio.

I do not see Mac as often as I would like. It seems that since I have classes in the morning and golf in the afternoon, and our summer recreation playground in the evening that I am pretty closely tied up here. However, our school closes on the 25th, and I expect to run in and have a visit with the old gentleman sometime during August.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
