

8
August 1, 1941.

Mr. Bill D. Phillips,
1729 S. Denver,
Tulsa, Oklahoma.

Dear Bill:

I have just talked to Dean Jakosky and he tells me that he has written you a letter stating that he will enroll you at the University of Kansas and that he is hoping you will buckle down to hard study. He advised me that he would give you a fair chance and it is now up to you to make the grade.

I am well acquainted with Professor E. A. Stephenson, head of the Petroleum Engineering Department, and all of these men are like Dean Jakosky and Professor Stephenson. They are royal good fellows, but they expect you to hit the ball and do the job.

Yes, you can work while you are attending school if you will budget your time and spend a certain amount of time on your studies and a certain amount on your work. Someone tells me that you do too much "jellying". Am I right or wrong?

Bill, I want you to come in and have a talk with me and we will see if we can work out something that will be helpful to your educational progress. I am glad that you are going good with the Tulsa Oilers when they are in a position to help you with your pitching.

With all good wishes, I am

Sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball Coach.
