

Dear Mr. Allen;

We have written to you about three months ago about information on entering Kansas. We haven't heard from you about three months and thought that you have forgotten to answer our last letter with all the tournaments being played in Kansas.

The reason for us writing is that there is a friend of ours who is leaving for California and he said we would take us to Kansas, April 14<sup>th</sup>, so we figured if there is any chance of us going to Kansas we had a chance of seeing the school and meeting you so we could discuss our conversation.

If you are interested in us coming there next week, we would appreciate very much if you would return an answer to this letter by April 10.

Thanking you,

*E. Cohen*  
*Alban Bell*
