Dear Dan:

Last week I wrote Lt. Comdr. Gene Tunney, U. S. N. R., at the U. S. Naval Air Station, Pensacola, Florida, offering to have our manufacturer ship them one Goal-Hi standard with rules, etc., for his aviators.

Mr. Tunney replied this morning, saying:

"I like the idea of your "Goal-Hi" game. It seems very sensible and because of its moveability, I think it could fit in very nicely with our play program and voluntary game schedule. Accordingly, I would appreciate your sending one to Ensign J. W. Stack, Jr. at this Station. I will instruct him to advise you of his reactions after he has tried it out.

With many thanks for your thought, believe me

Sincerely yours,

Gene Tunney  
Lt. Comdr., USNR"

From time to time I will send you sketches such as this if you desire them. You seem more interested in gathering news than a lot of our local boys, who never get it unless we call them up and deliver it to them in cellophane.

Sincerely yours,
