Dear Friend:

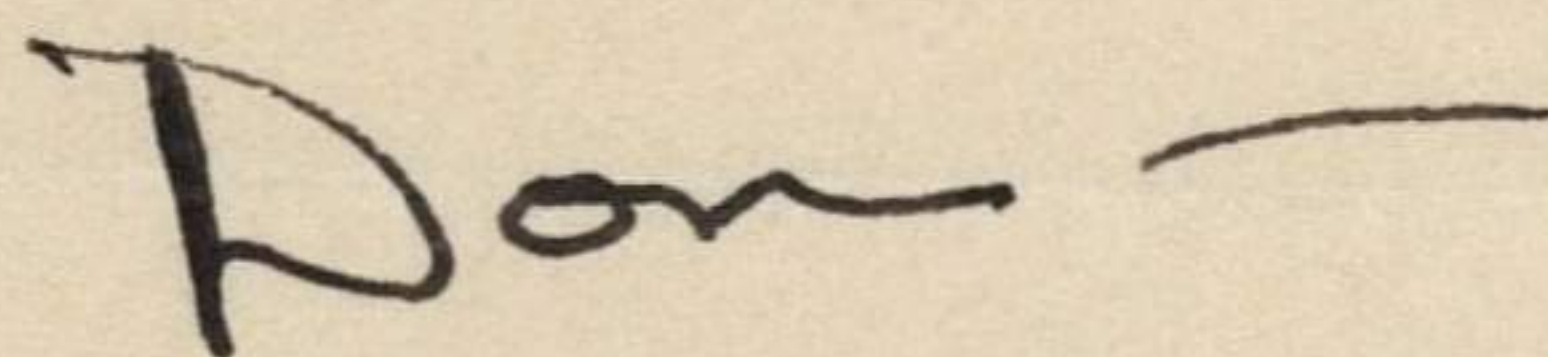

Just a note to let you know that we had a wonderful time last Saturday. Your company after the game certainly had its cushioning effects upon the disastrous defeat. We have all mentioned several times what a nice time we had and how gracious you were to us.

We would like very much to have you and Mrs. Allen pay us a visit real soon so won't you please give us your open dates.

I am religiously studying my basket ball when the opportunity presents, so that I may, at least, act intelligent when you so patiently explain many of the fine points of the game.

Mrs. Peete and the children join me in wishing you and your family good health.

Cordially,

Don Carlos Peete, M. D.
