Dear Friends -

You were right about  
the night waves because we  
have been thinking about you  
folk many times of late -  
Your letter was deeply appreciat-  
ed as always - Your lives  
are so much in a whirl  
I don't see how you ever  
write - Please do arrange  
to come + see us soon.

We hope to come up  
Sunday for the Memorial  
services - We are just  
hoping that you will be  
free. If that is not our  
luck may be one of
