Miss Esther L. Parry,  
116 E. McPherson,  
Kirksville, Missouri.

Dear Miss Parry:

I have your favor of the 5th instant and am very happy to say that while Lawrence is a town that is difficult to break into at the beginning, I believe if you make your stand here you will be successful. Dr. Barrows is the only woman physician and she is quite old and not in good health. Formerly she had a very good practice.

Yes, I knew that you had been in Dr. Woodhull's office during his vacation the past two summers, but the only opportunity I had of meeting you was when you were in Dr. Esterly's office for dental work.

Dr. E. M. Owens and Dr. J. R. Bechtel are both M.D.'s and osteopaths, but they are quite old. The only other osteopathic physicians here are Dr. Harry Eustace and Dr. L. E. Bice. They have a very excellent practice and I am sure that both of them would be happy to help you. They are both fine gentlemen.

A great many people come to me for advice and I would be very glad to send patients to you if anyone would ask me. This past fall I sent two young women to Dr. Bice. They were seeking professional services and I was glad to recommend Dr. Bice to them as both of these people were in need of special technique on the neck and shoulder.

I remember your father very well when he was teaching at Linwood, and it would be a pleasure for me to help you in any possible way. I believe that you will make good. You have many acquaintances around Linwood and Lawrence, and this coupled with Dr. Esterly's friendship will, I am sure be very helpful to you.

Trusting that you will find Lawrence hospitable and cooperative, and that you will have a pleasant professional life, I am

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.

Dear Dr. Allen:

I am writing for information and advice. You see I graduate, from the Kirksville College of Osteopathy and Surgery, this Spring and am looking for a location.

You see I have been in Dr. J. K. Woodhull's office during his vacation the last two summers, now that he is in California I wonder if it would be wise for me to open an office in Lawrence.

There are many things to consider and I would appreciate your advice. I have lived at Linwood for years and am well acquainted in and around Lawrence. Dr. Geo. A. Esterly is a friend of my family and I met and talked with you in his office this last summer. I am the daughter of the late W. T. Parry.

Sincerely

Dear Mr. Henry:

This letter is a request for any materials that you may have that would be of value in an educational exhibit for the Central District Physical Education Convention held at Wichita in March. Pictures of athletic games, intramural activities, and health procedures would be of value to us. Any strong points of your department that would offer suggestions to others will be appreciated. While we are attempting to feature pictures, research material and the like will also be much worthwhile.

Any contribution that you can make to our exhibit will be appreciated by our committee.

Sincerely

The Kansas City Star,  
Kansas City, Mo.

Dear Dan:

Thank you for your very fine letter of the 2nd instant. I appreciate the conference selections that you have submitted, and I will hold them in strictest confidence.

I told Mac last year that there were certain officials that would not be used, and I thought that he knew that when I told him certain things those things would come to pass. When Mac was with me when we signed the contract for the auditorium I remember his mentioning the fact, and I have worked diligently on that theory. So there is no concern there.

I wish that C. E. McB. would send you to Norman because that will be an thriller, and it will make plenty of news items for the basketball fans for some time to come.

I am hoping to run in to Kansas City Wednesday morning and I will drop by the desk to say hello to you as I am on my way to talk to Mac.

With all good wishes, I am

Sincerely yours,

Director of Physical Education & Recreation,

Dear Phog:

Needless to say, I was very happy over your fine victory last night and want to add my congratulations to those you've already received. Now if the Jayhawkers can beat Oklahoma --- but we'll well enough alone for the time being.

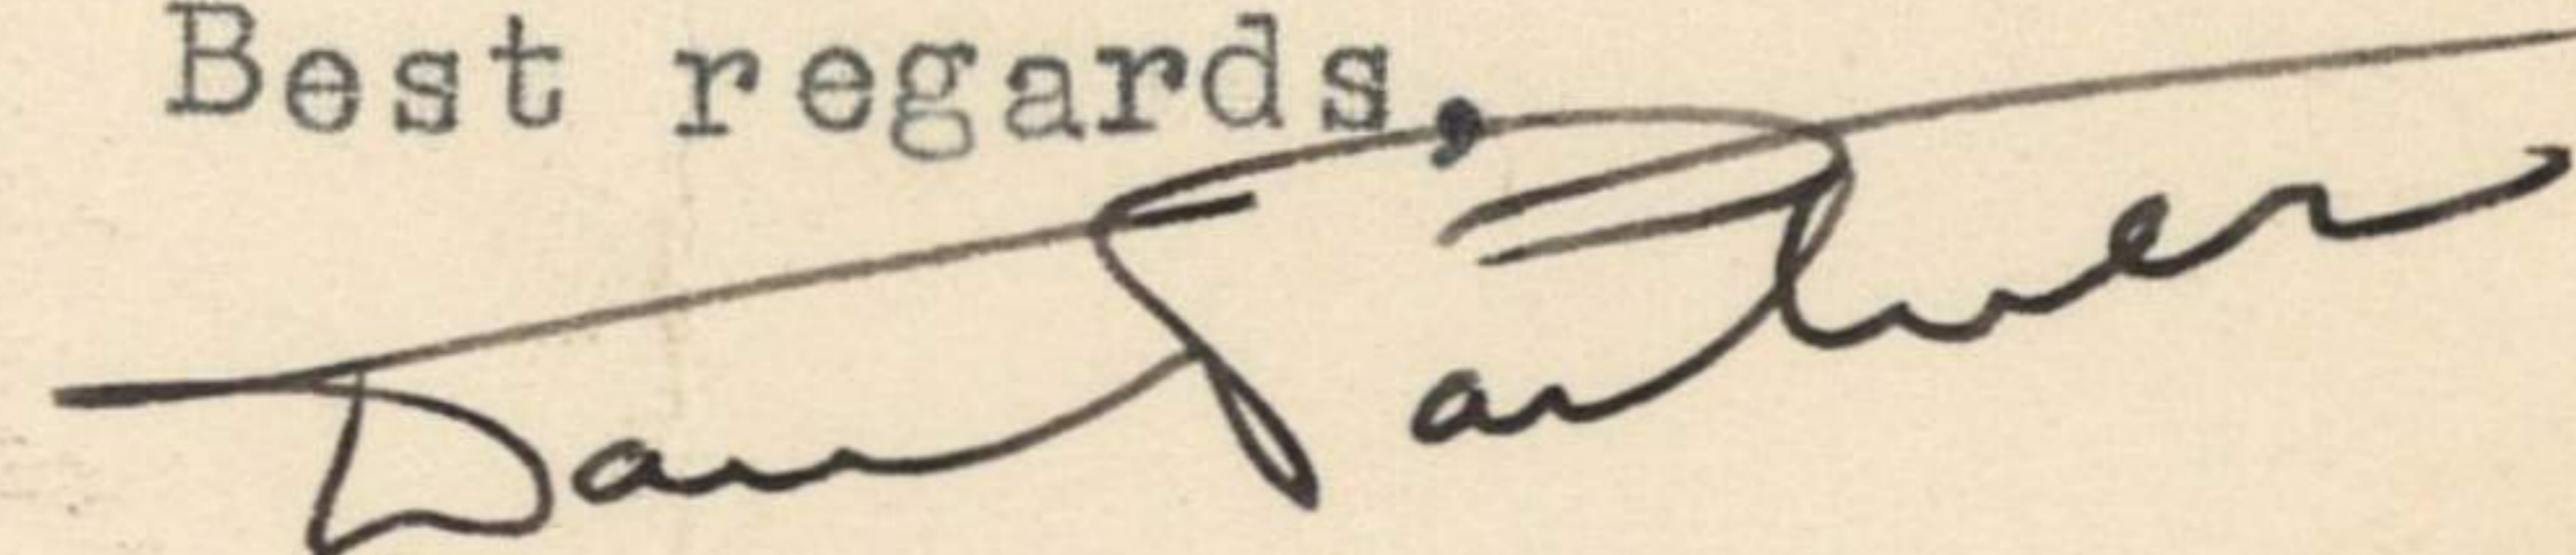

Thanks for your all-Big Six selections received today. I think I'm safe in saying that Dobby will team at a guard position with Lobsiger on the Star's selection, with Miller and McNatt at forwards and Currence at center. This team, however, is subject to change.

May I suggest that you write to Mr. McBride concerning the N.C.A.A. basketball play to be held here? Tell him who you have in mind for officials. It is my opinion that officials who aren't in the newspaper business be selected and I believe Mr. McBride will agree.

I'd like to go to Norman with you and your laddies and may bring up the subject to Mr. McBride before the time comes. I have seen Oklahoma this season and besides my presence is sure to jinx the Sooners when it comes to hitting the basket.

Let me hear from you with some dope for my column.

Best regards,

Dan Partner

Dear Doctor Allen:

Thank you so much for your letter of March 13th, and I think it was grand of you to send it special delivery. Fred was in a hurry for the prescription, of course, and that enabled me to get it off to him right away.

My, but your boys certainly did do a fine job of walloping my Alma Mater's team the other night at Wichita. Congratulations! I only hope luck is with you tonight at Oklahoma City, and that your boys can down that Aggie team.

I noticed in last night's paper where Hank Luisetti is going to play with 20th Century-Fox team in the tournament at Denver. I surely am beginning to get cold feet about our lads, as there are certainly going to plenty of good teams in that tournament. If they will only fix the brackets right this year, I believe we will have a chance. Anyway, I understand this is the last year the tournament is to be held in Denver and that it is to be in St. Louis next year.

Thanks again for the fine letter and the tonic prescription. Best of luck tonight, and kindest regards to all the family.

Sincerely yours,

*Mrs Fred Pralle*

Dear 'Doc':

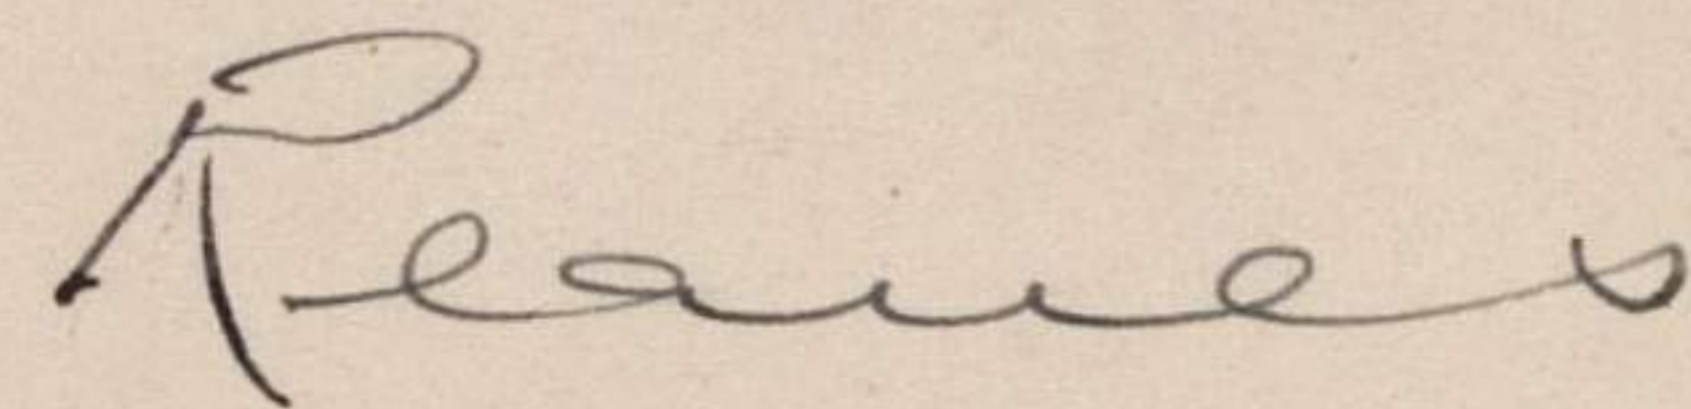

Congratulations on your fine stretch drive. Some day I hope you will give me your secret.

If there is anything that I can do at this end of the line to help the cause along for the next two weeks I will be glad to do so.

Some of the Coaches here, and some of the College Coaches here at the Tournamnet the past week are anxious to know what, if anything, will be done about PASSES to the two series.
