CARPENTER PAPER COMPANY
ESTABLISHED 1886

oyster stew at Dean & Mrs. Mowrell's after the game. They were unhappy because you could not join them this year and we'll talk about you tonight.

Bobby went overboard for your boy and I guess he will be on 1st Board next fall. I want to bring him up for the relays and let him decide for himself. He has been quite a hero at Clarendon because he got to carry Charley Black's boy to Norman. It takes so little to make a boy happy and I greatly appreciate the fine clean, crisp language of your boy in front of my own boy and I am happy to have him idolize your great athletes.

Your writing here was sweet and it was fun after 4 years away from such things.

Lots of power, luck and success against the Aggies. They are going to be tough.

Sincerely
