Mr. Dick Priest,
Santa Fe Hospital,
Topeka, Kansas.

Dear Dick:

I just got word that you are in the hospital with a broken leg, and while good wishes won't mend the leg, I want you to know that we are pulling for you.

I will get word to your good friends here, and if I am in Topeka I want to stop in and have a word with you.

Here's wishing you the best of luck.

Cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
