Dr. Forrest C. Allen,
Director of Physical Education,
Lawrence, Kansas.

Dear friend Phog:

I have your letter of recent date in which you indicate the advisability of discontinuing this spring the Sunday School group.

It is with sincere regret, and yet with equally sincere appreciation for what you have done, that your "resignation is accepted." And the students will, of course, be disappointed; but we all understand the necessity of your action, and, in spite of what the scorers said at Ames last night, we're all for you and the team. It is with genuine gratitude that, regardless of whether the score is always in favor or not, we know the coaching is of the desired constructive nature.

Very cordially yours,

Edwin F. Price
