Prof. W. G. Allen,

Dear Sir,

I am very glad to get a copy of the game
between Kansas and Missouri. The year that I
played, I believe, as I look at the Kansas team, broke
through the line and before the game was up, he had
sitting on the ball, between the two teams, it was
at fault, it was the year of the "unabated team."
As the record is seen for the year, I would guess
it represents a very early reply.
