

October 27, 1938.

Mr. L. R. Perry,
Director of Athletics,
Lawrence Public Schools,
Lawrence, Kansas.

Dear "Dad":

I find that Mr. Jacobs is speaking on our Physical Education radio series on November 10, in connection with National Education Week.

We will have to arrange our program for December 1, if that meets with your approval. I believe we can still have the same type of program that we discussed if we leave out the reference to Armistice Day.

This will give us a little more time to prepare our material.

Very truly yours,

V. W. Lapp,
Asst. Professor,
Department of Physical Education.
