Mr. Louis E. Menze,  
Iowa State College,  
Ames, Iowa.

Dear Louie:

It has been very kind and patient of you to write me the letter you did as of May 2. I should not have asked you to change, and will not. You remember that I told you I didn't like that February 26th game, but I agreed to it, and I am going to stick with it. Any other date that I might try to set would perhaps be just as unsatisfactory. So I am agreeing to it wholeheartedly without any reservations or alibis if we get the score doubled on us.

Somehow, I have always been prejudiced against playing Saturday and Monday night games, with a lay-off over Sunday. I know that is the accepted Big Ten method, but I have never done it in all the years I have coached. I have played Thursday, Friday and Saturday night games hand-running for years, and I have played on one night and then played a game the following night, but I have always somehow had a prejudice against waiting and loafing around on Sunday and playing a game on Monday.

Anyhow, Louie, we agreed on this, and I want you to know that I appreciate your kindness in writing. I am going to stick to the date. So you can notify the officials that they are O.K., as they were and are. Really, I wanted to play Eddie Hickey on the 26th and make a special trip up to play you a single game, but we are going through with it. Much obliged.

I will be seeing you Friday.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

Dear Doc:

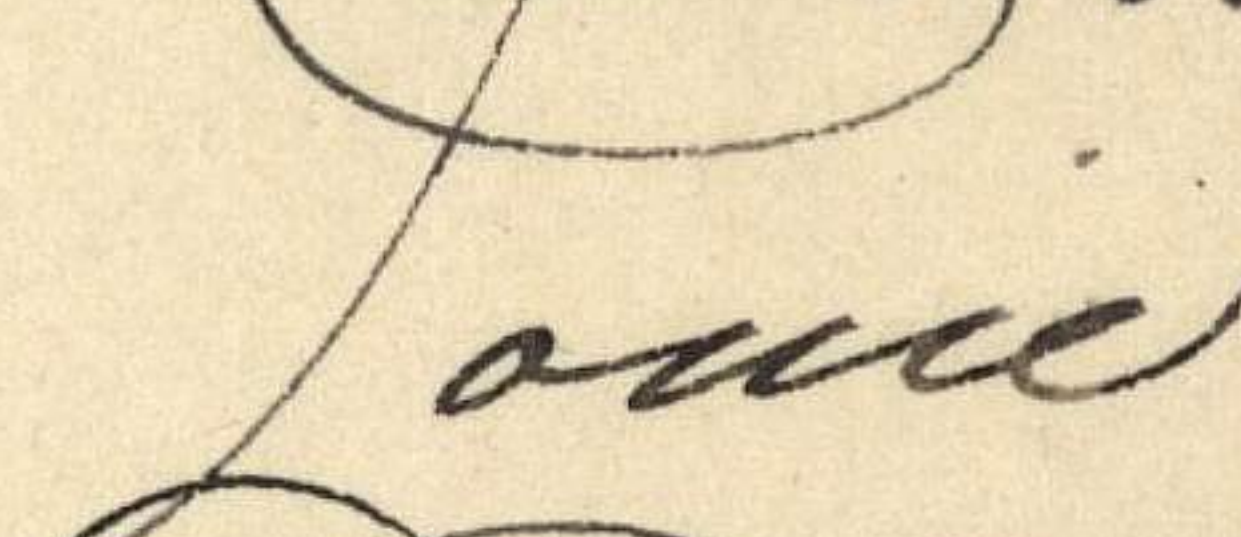

I have your letter of April 27 and I am very glad to change our February 26 game here for you.

Of the alternative dates that you gave us we cannot play between January 5 and 12 as we are playing on the 6 and 8 and we are not permitted to play on the 11, 12 and 13 because of Religious Emphasis Week here. We are playing Missouri here on January 15 and go on a trip to play at Oklahoma, playing there on January 20 so we cannot work it in on this second alternative, the dates of January 12 and 18.

Your third set of alternative dates, February 12 and 20, are not very good because we are playing you at Lawrence on the 12, and Nebraska here on the 17 and Missouri there on the 22. You suggest as the 4 and 5 alternatives some date between March 1 and 8, or February 3. I would like to play you then, either February 3 (which you say you do not care for particularly) or Tuesday, March 5. You take your choice of either one of these dates. I have just a slight preference for the February 3 date, although either will be satisfactory. Will you let me know before you leave this week-end as I have already notified the officials on their assignments.

With best wishes, I am

Sincerely,

Mr. L. E. Menze, Basketball Coach,  
Iowa State College,

Dear Louie:

I still don't like Monday, February 26, for my game with you at Iowa State.

I received a letter from Ed Hickey wanting to play us on the 26th, and I would much rather play a game at Creighton than to play you at that time. I do not have your schedule, but I am wondering if you would send me a copy of your schedule to compare with mine. Doubtless George has sent you the schedule of all the teams so that you could make a comparison.

I would rather make the trip up there for that game some other time as I know you are going to be double tough, and it does look like we are going to have to use all we've got to play five hundred per cent next year. Miller's knee is in bad shape and it looks like he is out of football and basketball. With Miller in there I would be able to make a respectable showing, but with Miller out we are just sunk because we have no tall men and we did not draw any from our freshman group. So I want to give you a scrap.

I will play you anywhere between January 5 and 12, or between January 12 and 18, so that I will have a couple of days between one of these games and your game. I don't want to play on February 3 if I can keep from it. I could play you between the 12th and 20th of February at your place, or I could play you between March 1 and 8.

Louie, I will appreciate this switch if you can make it because I don't like that date that we agreed upon. You will remember that I asked you to change it up there, and then I swung back to it, but the more I think about it the worse it seems. So I will appreciate it if you will help me out.

I am leaving for New York Friday for the Rules meeting, and will not return until about the 6th of May, so you will have time

to think it over. We might even have a conference when we are up there on the third Friday and Saturday in May for our Big Six Meet, but I would like for you to drop me a line and indicate your desires in the matter previous to that time.

I would also like for you to make a tentative reservation when you write the officials regarding the possible change in that date.

With all good wishes to you and the family, I am

Sincerely yours,

Dear "Phog":

It was mighty nice of you to make the change in basketball dates so that we could have at least two home games in our second semester. I remember years ago that you were handed a schedule that was tough on your team and the home folks, and I always admired your attitude in accepting your schedule and playing it through without a whimper.

It seems to me that in the Big Six it should be the prime object in making schedules to so arrange them that everyone should have a fair deal. If this cannot be done then they should have a new deal.

I enjoyed our short visit at Lamoni, Iowa, and trust that this summer we will have an opportunity of playing a little golf with you giving me two strokes on the front nine and three on the back nine in order to make it interesting for you.

Sincerely yours,

*Mike*

Dear Frank:

I do not have your schedule before me, and personally I do not like to change the dates since this will only give us two games the second semester at home - February 12 and March 1. So you see we have three weeks between dates and it is a long, dry spell.

We have such a heavy home schedule with the four Texas teams coming up here in our preliminary games, that I would much rather have the schedule as it is now arranged, but if you have a worse schedule than I have I will be glad to have you present your arguments in another letter and then I think you can break me down.

Dear Doctor:

After talking over our schedule with "Mike" I would like to request that we play first in Lawrence on January 12, and second in Manhattan on February 20. Since it involves no other teams I am sure it would be an accommodation greatly appreciated by me, as it would help our second semester activity program for the students. As you remember, the way the schedule now stands I have only one basketball game at home in February, the only game in the second semester.

Please advise me at your earliest convenience as to whether you can do this for me or not.

Dear Coach Allen:-

I am writing to you in regard to officiating basketball in the "Big Six" starting next year. You will recall our conversation when I attended the demonstration and pictures on basketball at K.U., when you stated that more officials were needed in the "Big Six" conference. At that time you told me to drop you a line before the conference meeting as a reminder.

I have had twelve years of officiating experience, the past three years being in and around Kansas City in both high schools and colleges; and am a member of the "Big Six" officials association.

I shall be glad to supply any additional information regarding my qualifications. Thank you very much Dr. Allen for any influence you may be able to exert in my behalf.
