Dear Lester:

Last summer you checked out a
basketball, and I am wondering if it has
been returned.

Will you please get in touch
with me at my office, 105 Robinson Gymnasium,
and let me know what disposition, if any,
has been made of the ball, because I am
responsible for it?

Mr. F. L. Pinet, Secretary,

Topeka, Kansas.

Dear Mr. Pinet:

I am wondering if it would be in line with the policy of the Kansas State Teachers Association to admit the senior majors of our department to some of the sessions of the Teachers' Convention, without their paying the \$2.00 enrollment fee.

The session that I have in mind particularly is the Health and Physical Education program Saturday morning at 9:30 o'clock, in the University Gymnasium.

I am a member of the Kansas State Teachers Association for the coming year, having sent my fee to Miss Mateol Rich, in Dean R. A. Schwegler's office.

At a meeting in Kansas City on December
4th it was agreed that the secretary would notify
you, but I am rather anxious to know whether you
have received notification as yet. Will you
please advise me?

Dr. J. W. Poole,
Treasurer, Norcat Rural High School,

Dear Dr. Poole:

It was very nice of you to write me concerning my new book, "Better Basketball". My old book, "My Basketball Bible" has just gone out of print, but I think my new book, "Better Basketball", is the last thing in basketball, if you will pardon me for being enthusiastic about it. I worked for over two years on the publication of it, and I believe that I have something. At least, I have tried to make it so.

The book sells for \$4.00, and we will be glad to pay the postage. If you will write me what you desire in the book I will be glad to follow your wishes and will autograph it for you.

I feel certain that your high school activity association library will enjoy it. I have just received a letter from Mr. Neal Wherry, principal of the Lawrence High School, and he states that he has ordered four copies for the Lawrence High School. Quoting from his letter he says: "It is generous for you to write as you did. We were glad to buy the books because we thought that we got our money's worth. We appreciate, and I am sure the readers will be intensely interested in your autographing the book. I, myself, have enjoyed reading the book, and our librarian reports the other day that she was swamped with calls for the book. As a matter of interest I am enclosing copies of letters that I am writing to some of the book companies in Chicago."

He further states: "We are very enthusiastic about the book and think that the teachers and students of any high school should be."

I am sending you a mimeographed description regarding the contents of the book. If you will send me a check for \$4.00, making it out to Mrs. Forrest C. Allen, we will follow your desires in the matter.

Thanking you for your anticipated order, I am

Very sincerely yours,

Dear Sir:-

I am interested in your Book "My Basket Ball Bible" and wish to know where I may be able to purchase one, and, the cost of same.

I have in mind making it a presentation to our High School Activity Association Library, I happen to be treasurer of the Norcatour Rural High School, and, thought something of this nature would be of a lasting benefit,

Would appreciate your early reply to the above.,

Dear Elwood:

I received a very classy Wittenberg Bulletin from K. G. Lind, the Director of the Wittenberg News Bureau. I wrote him, congratulating him on the get up and asked if he would phone you telling you that the new book, "Better Basketball", is out.

I thought he might not get hold of you, and again I thought perhaps you had already purchased one from one of the sports goods houses, and it would be best for me to write you to tell you that unless you want it autographed you might get the book from one of your local firms.

We have the book on hand, and if you desire me to send it to you, if you will send me your check for \$4.00, I will be glad to autograph it and send it at once.

We certainly enjoyed our visit with you and Mrs. Pitzer. I trust that the family is happy, and if it is larger and happy, why that is swell. Good luck to all you people.

Methods and Materials of Health Education

JESSE FEIRING WILLIAMS, M.D., *Columbia University*
and

FANNIE B. SHAW, M.A., *University of Florida*

**A book that will help every classroom teacher to realize
the aims of the new Health Education Program**

This text presents in simple and clear fashion the modern methods and materials of health education for teachers in service.

Each of the ten chapters is preceded by an outline of the material contained in it. At the end of each chapter is a list of pertinent questions for study and discussion.

The instruction given is concrete and definite. The material is usable in the classroom. Graphs, charts and forms aid the teacher in applying the instruction given in the text to her actual classroom situations.

Note both the logical and the psychological organization of the book in the table of contents given on the back of this circular. The first chapter gives the definitions of health education in all its aspects. The chart on page 10 shows clearly the divisions of school health education and their relationships with each other. Chapter Two discusses "The Nature of the Child" under such headings as (a) New Concepts of the Child, (b) Health Education as a Practical Art, (c) Growth and Development, (d) The Normal Child, (e) The Emotional Nature of the Child, and (f) The Economics of Illness. The material on child nature in this chapter will be found helpful in many cases of maladjusted children.

Other chapters deal with Healthful School Living, Health Service, Construction of the Health Curriculum, Health Instruction, Materials for Teaching Health, Tests and Measurements in Health Education, and The Health of the Teacher.

Dear Coach Peterson:

I am very happy to have your good letter of the 16th instant and I assure you I enjoyed being in Des Moines and seeing you. I also wish to thank you for your kind words regarding our new publication.

I had thought quite a bit of making a trip with the basketball team down through the South during Christmas vacation next year. Whether I could attend your school or not would depend altogether upon the time. Of course, I would be interested if I could make the connections, but I am not sure that I would be available.

What time of the Christmas vacation period had you in mind? I will be happy to hear from you.

Dear Mr. Allen:

I attended the Des Moines Coaching school and enjoyed your part in the program. You should have had more time. I purchased your book from the publisher and it covers the material from A to Z, readable & understandable.

What would be your fee to appear at a coaching school during Xmas vacation? I have a newspaper friend who is interested in promoting a school of this kind in Dakota. We should like to headline you and have you appear at least 3 times, an hour each.

Approximately 250 coaches will attend. Would you be interested?

Mr. Ray Parkins,
Edison High School,
Minneapolis, Minn.

Dear Ray:

I do not know whether you had learned it or not, but Tad Reid, the athletic director of Central Missouri State Teachers College, Warrensburg, Missouri, has resigned. The announcement came a week ago, but it finally filtered through my thick skull that I should write you at once and let you know about it.

Dr. Voltmer, a graduate of the University of Iowa, will doubtless be moved up as director of athletics. He is football coach. You know the president there, Dr. Deamer, who was superintendent of schools at Excelsior Springs, Missouri, when Louie Menze was coaching there. Dr. Deamer married Jessie Casboldt. You will remember her and you will remember Gene Casboldt, the little squat Dutchman that used to play end for us when you were on our team.

You have been wanting to get down in our part of the country and I have feverishly kept an anxious look for a job for you, but it never has materialized. Since you are a graduate of the Teachers College and Minnesota, I see no reason why you shouldn't land this job if your friends will go to bat for you. Count me as friend number one.

Please let me know if you are interested. We will go to bat at once.

Excuse haste. I am just leaving for Columbia, Missouri, to see the Oklahoma-Missouri game, so I will have my secretary sign this letter and mail it.

With every good wish, I am

Sincerely yours,

Director of Physical Education,

Coach Ray F. Parkins,
Edison High School,
Minneapolis, Minn.

Dear Ray:

I expect to attend the Central District Physical Education Association meeting in Minneapolis on March 30-31 and April 102. I do not want to be at the same hotel where the convention headquarters are. If I am there everybody that has a sprained ankle or a bad cold or a bad back looks me up and wants me to do myself a favor by working on them.

For that reason, Ray, I would appreciate it if you would find the name of a good quiet hotel that is accessible to convention headquarters, and yet away from the hey-day of excitement. I am not on the program and I am not wanting to be on this one. I desire to attend the convention, take it easy and watch the passing show and listen to the things I want to hear. If you will kindly give me this information I will appreciate it.

I expect to attend the National Physical Education meeting at Atlanta on April 20-23. The National Basketball Coaches meeting is in Chicago on April 4 and 5, and the National Rules meeting will follow the coaches meeting closely, either in Chicago or New York. I notice that the Midwest District Physical Education Association meeting is in Chicago from the 6 to 9 of April, so we will have lots of things to attend if we desire to attend all of them.

Mrs. Allen and Eleanor may drive to Chicago from Lawrence to see the city while I am attending the convention. I will perhaps go down on the train from Minneapolis to Chicago.

I trust you and your family are happy and well. I hope to have a visit with you when I am in your fair city.

Does Minnesota play a game at that time, or is their schedule over? I would also like to know whether you have a game on at that time, or are you in the same fix by having completed your schedule? We are not so hot this year, but we are just hanging in there. Looks like Minnesota kind of hit the rocky places. Do you think they had too much traveling and too much New York?

Naturally we would like to have many of your friends know about the story, and perhaps it would be better to send a package of magazines to you, with the envelopes enclosed, so that you may present them to the people you had in mind. In fact, you might wish to present copies to some of these people in person. We are therefore sending under separate cover, by parcel post, about twenty copies. If you need a few more please let me know.
