Lawrence, Kansas

Dear "Phog":

It was mighty nice of you to make the change in basketball dates so that we could have at least two home games in our second semester. I remember years ago that you were handed a schedule that was tough on your team and the home folks, and I always admired your attitude in accepting your schedule and playing it through without a whimper.

It seems to me that in the Big Six it should be the prime object in making schedules to so arrange them that everyone should have a fair deal. If this cannot be done then they should have a new deal.

I enjoyed our short visit at Lamoni, Iowa, and trust that this summer we will have an opportunity of playing a little golf with you giving me two strokes on the front nine and three on the back nine in order to make it interesting for you.

Sincerely yours,

*Mike*
