Dear Mr. Allen

I was up here at 8.0 today
 trying to get started. I
 remember the beams. I
 disappointment of finding out
 that the fact upon which I had
 counted to carry the bulk of the
 has fallen through. I
 am informed, that Miss Zippel
 who is now the new manager
 of the Union Building, has
 arranged with Henry [unclear]
 the furniture, at least, and
 some more for the job - I
 three students out of [unclear]
 also includes staff, and a great
 responsibility for the project -
 Miss Zippel, at present, is in
 Oregon, so as left a letter at her
 office, asking for a job of the
 kind if it will be any good.
