Mr. Forrest C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kansas

Dear Mr. Allen:

We have already been in touch with your publishers, Whittlesey House, New York, for permission to use a considerable amount of the material in chapter I of your book, "Better Basketball," in the January issue of our magazine which will be our special Basketball Number.

Could we secure a picture of the great basketball team of the Buffalo Y. M. C. A. that started to play in 1895? We have already asked for a picture of the first organized team of the Y. M. C. A. College, and we will use an electro of your picture which appears in the book.

We are pleased to have this opportunity to give basketball the prominence in our magazine that it so justly deserves.

Cordially yours,

J. B. Pearman
