

It takes the information that the two lawyers have to make the case against Haskell a perfect one. There is no doubt that Haskell and the rest of the Oklahoma staff are up to their ears in this activity, and it is my contention that Mr. Noble, the president of the Board of Regents and the chief athlete getter, is giving these coaches every encouragement and support. It is a game from the top down.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
