Mr. Robert Beal,

Lawrence, Kansas.

Dear Bob:

Mrs. Hulteen has told me about the situation that developed in the towel room yesterday morning, and I want to assure you that you did perfectly right. We do not want you to be late to class because the next fellow on the job does not show up in time. I want to commend you on your conscientious effort to give service at the towel room and still get to class on time.

Very sincerely yours,
