Dr. Forrest C. Allen,

Univ. of Kansas,

my dear "Phog":

many thanks for your fine letter and the good wishes expressed therein. am getting along very nicely & hope to be back on the job at the beginning of next school year. a year in bed is something new to me but it appears to be very agreeable since I have gained about 40# since going to bed,

Now for your inquiry about one Arthur B. Adams. I never heard of him even as a student here - certainly not as a teacher or coach. Maybe its Central college in Iowa. Am sure Dean Puckett will bear me out in the above statement.

Congratulations on what looks like another Championship - even tho it must be shared by another school. Other coaches come and go but old "Phog" goes on forever. More power to you, & good luck always.

yours very cordially
Cling

P.S. Please excuse pencil - its much more convenient to use.
Cac.
