

May 27, 1940.

Mr. Lloyd M. Kaufman,  
Superintendent, Attica Rural Schools,  
Attica, Ohio.

Dear Superintendent Kaufman:

This will acknowledge your favor of the 14th instant. I realize what financial difficulties your school would have in endeavoring to pay the expenses of a speaker from this distance. I am also sure that you will realize that while the meeting is of short duration, there are at least two days lost in making the trip, and for that reason it is difficult for me to budget my time so that I can spend the maximum time here at the University where I obtain my livelihood.

However, my desire has always been to meet the fellows in my profession and to do what good I can in spreading the gospel of clean sportsmanship and keen competition.

Doubtless Mrs. Allen will accompany me, and during this time of year, on November first, it is generally fine weather to be out of doors. I notice that November 1st is on Friday. This will necessitate my leaving the University on Thursday. If you can take care of our hotel expenses while we are in Toledo, plus the \$50.00 flat fee, I will be happy to come.

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.
