Coach Forest C. Allen  
Kansas University,  
Lawrence, Kansas.

Dear Coach Allen:

I should sincerely welcome an opportunity to work some basketball games on your schedule; if not this year, maybe next.

The Big Six has honored me with assignments before, at Norman, but Oklahoma fans and sports writers did not turn nip ups over my work. However, I wouldn't blink an eye to please them and Bruce wouldn't want me to.

That should not preclude my working in other field houses in the Conference.

I respectfully urge you to discuss my qualifications with Bruce Drake and George Edwards for whom I worked two successive seasons. Altho' I have no idea what these two gentlemen think of my work I have complete confidence that they will "lay it on the line" just as it is and that's all I can ask for.

Possibly you could find a place for me on your pre-season schedule. Enclosed is a copy of my schedule as of this date.

I shall look forward to seeing you at the Kansas City meeting.

With kindest regards, I am

Sincerely,

*Carl Sears*
