Mr. William Wendt,  
Basketball Coach,  
DePaul University,  
2235 Sheffield Avenue,  
Chicago, Illinois.

Dear Coach Wendt:

We will be agreeable to having Mr. Don Elser work in our game.

The reason that I asked for Messrs. Clarno, Enright or Craig is because we liked their work. They are Big Ten officials and I thought their work was exceptionally high grade.

Pecararo worked in our first Loyola game and I did not care for him. That is why I desired someone else. I will give you a list at some early date of men from whom we would like to pick the other official. There are too many officials in your part of the country to limit them to Pecararo, Smith and McElligott.

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
