Dear Doctor Allen:

I am sorry that things turned out the way that they did in regard to your Rotary secretary's apartment, but those things just can't be helped. We certainly appreciate the trouble that you have taken in our behalf, especially since we realize just how busy you are all of the time. Thanks a lot; we are sort of grabbing at straws now in this housing thing, so we haven't given up hope yet.

I am glad to hear that both of your boys are at home now, and I wish that you would remember to say "hello" to Mit for me.

Mr. Rice sends his regards.

Sincerely yours,

Bill Overton

Dear Mr. & Mrs. Overton:

I am sorry that I have been so long in giving you the information for which you asked on Decoration Day. The next morning I left town to attend a Rotary meeting and left instructions for my secretary to phone your office at Drexel 3715 as to the availability of the apartment.

Somehow there ^{was} ~~is~~ some misunderstanding and the word did not get to you. The husband is a veteran and they are afraid that if they sublease the apartment in some way, they may lose out, and so they are just paying the rent for the summer and apparently are going to leave it vacant.

I regret that I could not do a better job for you but evidently this is the way it is.

Milton and Bob came in Lawrence yesterday. Milton was released from Great Lakes and Bob is frozen for quite sometime. However, it was good to have both of them home together.

Please give your dad, Mr. Rice, my kindest regards and rest assured that if there is any way to help you out at any time, it will be a pleasure.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Kirk:

Thanks so much for your congratulatory remarks on our all victorious conference basketball season. We are disappointed in losing to the Aggies in the Fifth District Play-Off as you can well imagine. However, we have no excuses.

I think, as you know, that seven-foot centers do not belong in the game that we know as basketball. It will certainly be a relief to play the Oklahoma Aggies next year when they have to do without the services of Kurland.

I was sorry to hear that you had lost your gold basketball and rather than have you go to the trouble of having it replaced, I am going to order one for you to be made with the new basketballs that we are getting for this year's team. This will be quicker and easier. Rest assured that I will have the new basketball mailed to you when it is finished.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Head Basketball Coach

My dear Doctor:

Congratulations on another all-victorious conference basketball season. I'll be watching closely to see how badly the Jayhawks beat the Aggies in the District 5 play-off.

Sometime ago I had the misfortune of losing the gold basketball I received as a member of the co-championship team of 1937-38. It goes without saying this meant a great deal to me and I would like to have it replaced. Would you please let me know the name of the jeweler in Lawrence that handles these balls and I will contact them.

I had hopes of seeing you in Denver last year when you attended the AAU but slipped up at the last minute.

Best regards to you and your family.

Fraternally,

Kirk Owen

Dear Merritt:

I called Mr. Clyde Baker, Ticket Manager, Municipal Auditorium, 1310 Wyandotte Street, Kansas City 6, Missouri, and made reservations for 6 \$2.00 tickets for you.

The tickets arrived in Kansas City today and you may pick them up at the ticket office at your earliest convenience. If you have any difficulty, just call for Clyde Baker, but I am sure that everything will be all right.

Sincerely,

In charge of Transportation of Navy Personnel
Kansas City, Missouri

My dear Ted:

I talked to your good mother and learned for the first time that you have been promoted to Lt. Commander. I want to extend to you my sincere congratulations upon this fine honor.

In trying to get the building in which you are located, I had great difficulty. Your mother was not sure, then I called the Alumni Office and they gave me your address at the Kansas City Star. I said, "Gosh, he's been out of that for three years". Then they searched around and gave me the address of the Bryant Building. I said, "No, he's gone from there". I kept quizzing them, but they had no building listed. Then, I called Mrs. Allen and she said it was next to John Taylor's. I imagine it's the Finance Building, but I'm afraid to gamble on that, so I'm about convinced that I should write to Lt. Comdr. O'Leary, Kansas City, Missouri, and I think they'll find you.

I just want you to know I am happy and proud of your promotion.

Sincerely yours,

Director of Physical Education
Varsity Basketball Coach

P.S. Well, after all this, my secretary checked back in the files and found your present address, so the above was unnecessary. Congratulations, anyway!!

Dear Ted:

I want to register my grateful thanks to you and Commander Carey for your great kindness in doing all you could to help Milton.

While I was out today Mit jubilantly called Mrs. Hulteen and bubbled over the information that he has his commission. Doubtless you already know that he is to report at Boston in ten days.

My grateful and heartfelt thanks. Will you please convey my thanks and greetings to Commander Carey?

Sincerely yours,

Director of Physical Education,
