Mr. Kirk Owen
P. O. Box 223
Brighton, Colorado

Dear Kirk:

Thanks so much for your congratulatory remarks on our all victorious conference basketball season. We are disappointed in losing to the Aggies in the Fifth District Play-Off as you can well imagine. However, we have no excuses.

I think, as you know, that seven-foot centers do not belong in the game that we know as basketball. It will certainly be a relief to play the Oklahoma Aggies next year when they have to do without the services of Kurland.

I was sorry to hear that you had lost your gold basketball and rather than have you go to the trouble of having it replaced, I am going to order one for you to be made with the new basketballs that we are getting for this year's team. This will be quicker and easier. Rest assured that I will have the new basketball mailed to you when it is finished.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
