DORMAN H. O'LEARY
VICE PRESIDENT

KANSAS CITY, MISSOURI

January 11, 1943.

Dear Phog:

I am sorry I have been slow in answering your letter of the sixth, but I have just gotten off the Grand Jury which took a good deal of my time.

The only thing I see about the schedule is the fact that Kansas apparently plays both games first. You may have some good reason for this and if it is satisfactory to you, the program looks all right.

My very best congratulations on the way the team has been going! Theodore says he thinks it is the finest Kansas team he has ever seen - which is going some.

I am looking forward to seeing them the next time they are in Kansas City.

Very sincerely,
