Dear Dr. Allen:

I certainly want to congratulate you on the success of your team and the wonderful attendance given Kansas basketball wherever they went.

I hope some day you will have a house that will hold 5 or 6 thousand people and I believe it will be an easy matter to fill it.

I haven't forgotten that promise of yours to give us some business, and not only yours, but the boys too. Don't think we have sold you anything that amounts to anything for a year or more.

Very sincerely,

OBER'S
