c/o Athletic Department,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

Following our conversation, I contacted both the United Press and the Associated Press, and they informed me that they would release the story relative to the Officials' meeting either today or tomorrow.

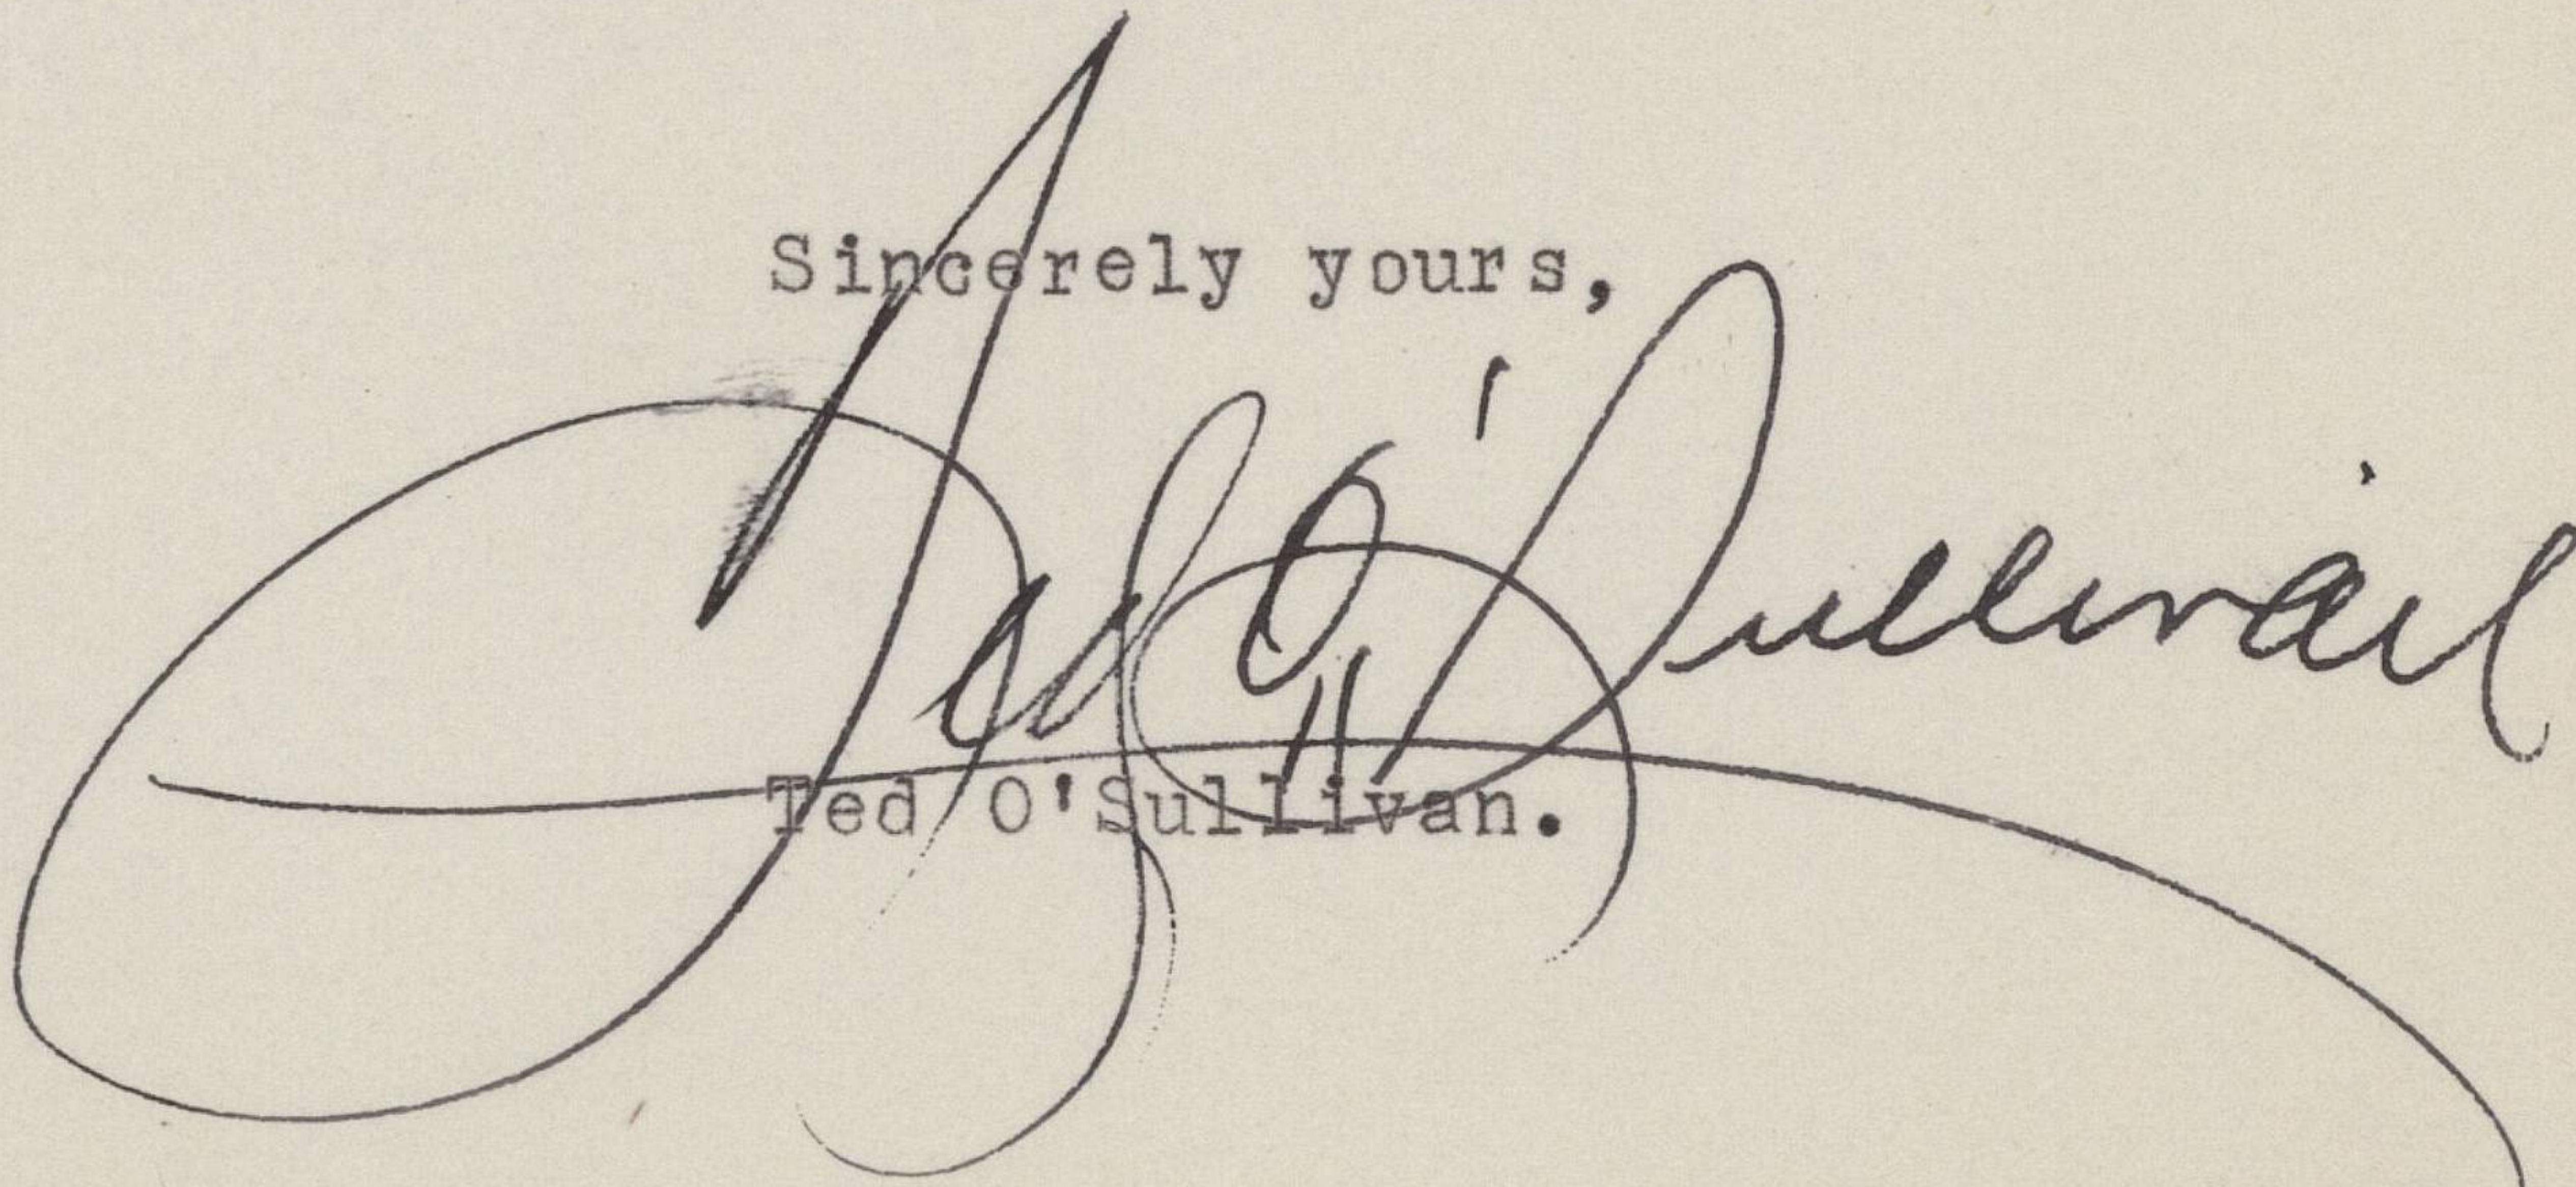

I called Mr. Zachman, Manager of the Municipal Auditorium, and he informed me that the court would be available for practice on Thursday, March 21, during the day. At the present time the Auditorium is not booked for any engagements Thursday evening, March 21st, and in event it is not rented on this date, it will be available for the teams to use.

Mr. Zachman also informed me that there was a great interest in the sale of tickets, and he looked for a very fine attendance for the N.C.A.A. Tournament.

If there is anything that I may do to assist you in any way whatsoever, please write or call me and I will be glad to be of any service possible.

With kindest personal regards and best wishes, I am

Sincerely yours,

Ted O'Sullivan.

Dear Doctor:

Congratulations to you and that great basketball team. I saw the game Saturday night and darn near passed out--I know I'll never see another game as good as that one. I tried to get down to the floor afterwards, but there was such a mob I couldn't get through. I'll be pulling for you Saturday night and I know that the Jayhawks will come through on the long end of the score. Congratulations again and good luck Saturday.

Sincerely,

My dear Phog:

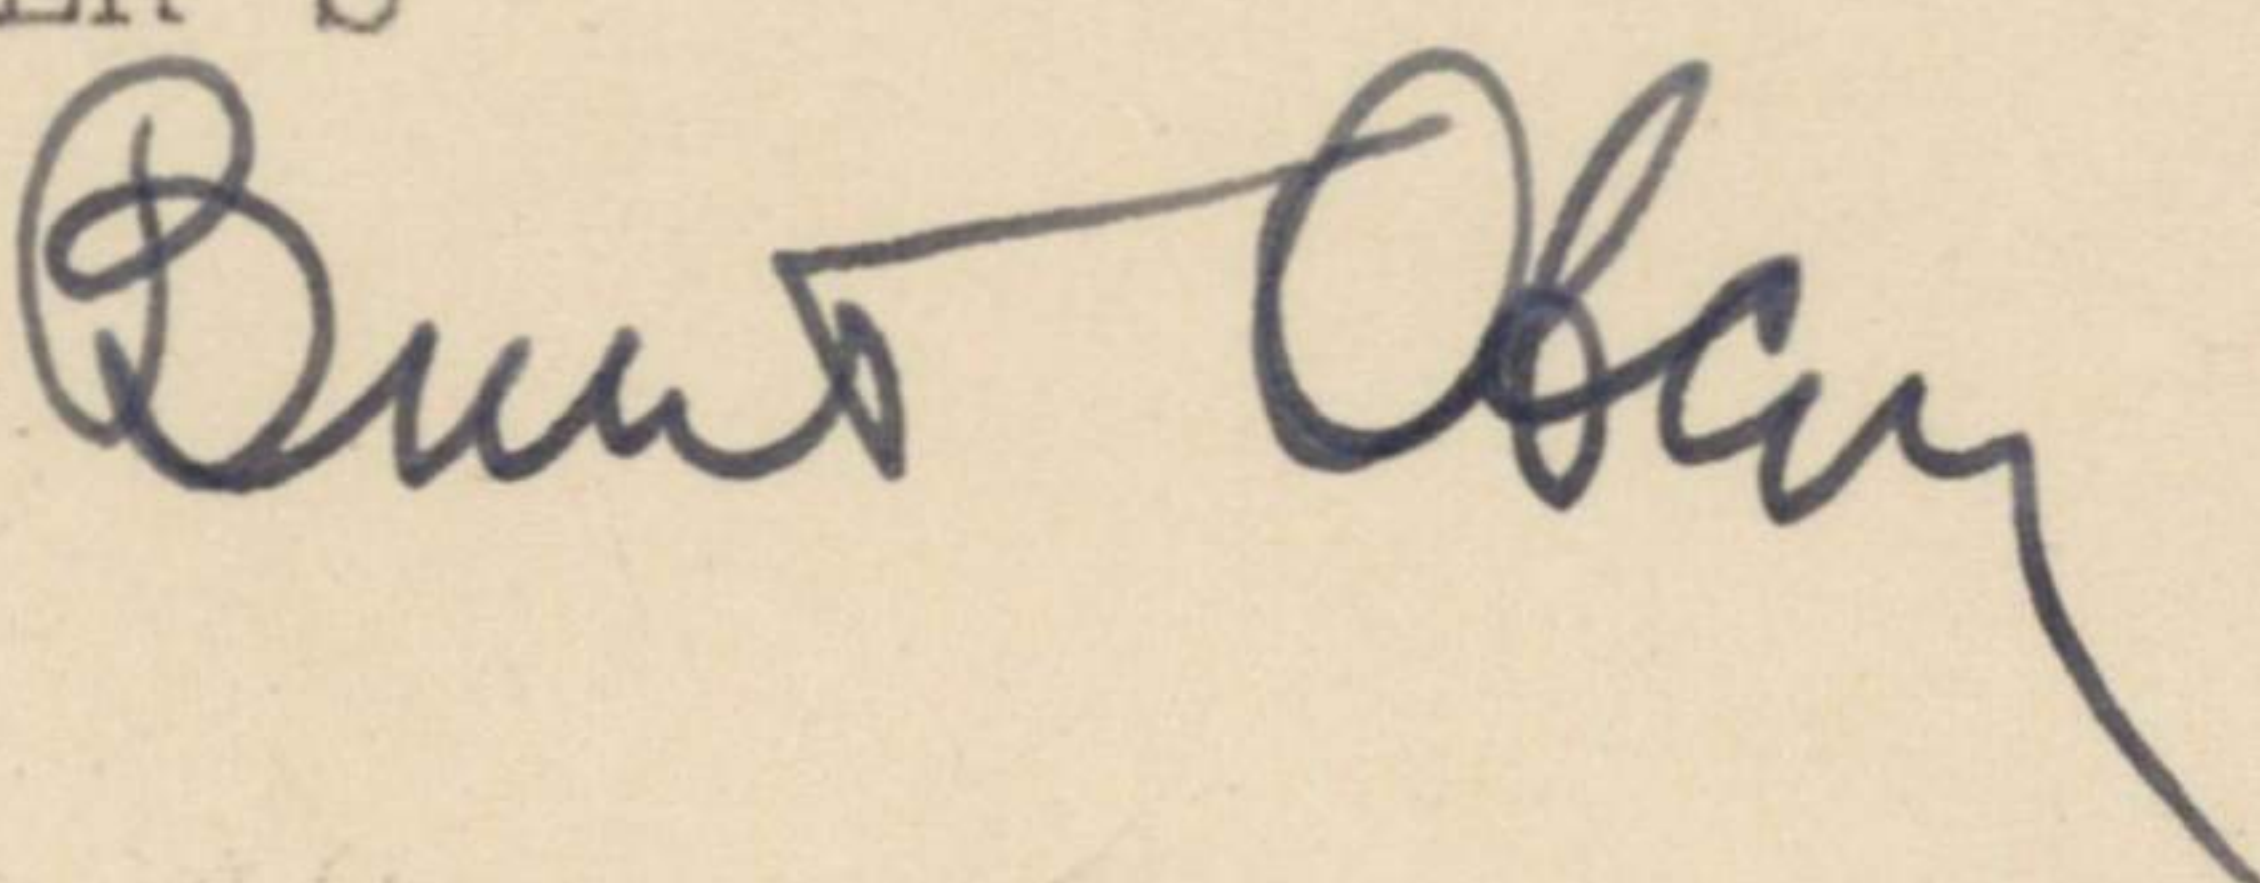

I want to congratulate you and the boys. I have never seen a more determined bunch in all my life. They just simply wouldn't give up. It is certainly a wonderful trait. Incidentally I think Kansas showed up as being the best coached team in the tournament.

I was looking over our records last week and it has been a long time since we have sold you any clothing. Really and truly we have the reputation of having the best clothing in this section of the country, and would like the opportunity of serving you. It is worth something to me to have you wear our clothing, and I am surely willing to cooperate with you on a basis that will please you in every way.

Come in and look us over. We will appreciate it.

Very sincerely,

Dear "Phog":

This is about the time of year I usually drop you a note of congratulations on your successful basketball season, and you certainly have congratulations coming this year. I would have given a good deal to have seen the games at Wichita and Oklahoma City, but I am surely going to try to see the games this weekend. Irrespective of the outcome at Kansas City, you should be mighty proud of the season's record.

Wishing you and the boys success at Kansas City, and with best personal regards, I am,

Dear Glenn:

I gave Dr. Allen your message and he said he will do the best he can to get a ticket for Mr. Orchard. He has Mr. Orchard's name on his list, and I feel very sure that he will make some arrangement for a good seat for him for Saturday night. I am sorry that I cannot enclose the ticket with this letter, but since we have none in this office that is impossible. I think the best way would be for you to get in touch with Dr. Allen at the Hotel Continental in Kansas City on Saturday. However, if any other arrangements develop I will try to inform you. But I know Dr. Allen will do the best he can to get a good ticket.

Sincerely,

Secretary to Dr. F. C. Allen.

Dear Burt:

It was very nice of you to write me as you did in your communication of April 10th. I am very happy that we had such a fine meeting, and I felt that the majority of the people thought the meeting was worth while. If it cleared away misunderstandings and brought friendships a little closer to each other, then I know it was very much worth while. Thank you for your continued good wishes.

I expect to drop in occasionally and make some selections.

Dear Doctor Allen:

The arrangements stated in your letter regarding your visit to Olathe are more than satisfactory.

May 2 is an open date and already the officers of the Mens' Brotherhood are publicizing the good news.

This will be a supper meeting and will begin at 6:30. There will be little else on the program and your time will be your own. The President of the Brotherhood will contact you later in regard to other details.

May I thank you personally for accepting this invitation.

Dear Reverend Frank:

I find that all my dates are taken until May 2nd. This week-end we have the Kansas Relays, and I have out-of-town engagements on the 22nd and 23rd, then I go to Chicago from the 24th to 27th. I am to be at Wichita on the 29th and at Russell on the 30th.

I will be very happy to speak to your group on May 2nd if you so desire.

The state makes no provision for traveling expenses and I drive my own Buick. I find that I cannot travel for less than 5¢ a mile. Therefore, my charge for auto expenses will be 5¢ times the mileage involved from Lawrence to Olathe and return. If this is agreeable to you I will be happy to speak before your Brotherhood.

With all good wishes, I am

Dear Dr. Allen:

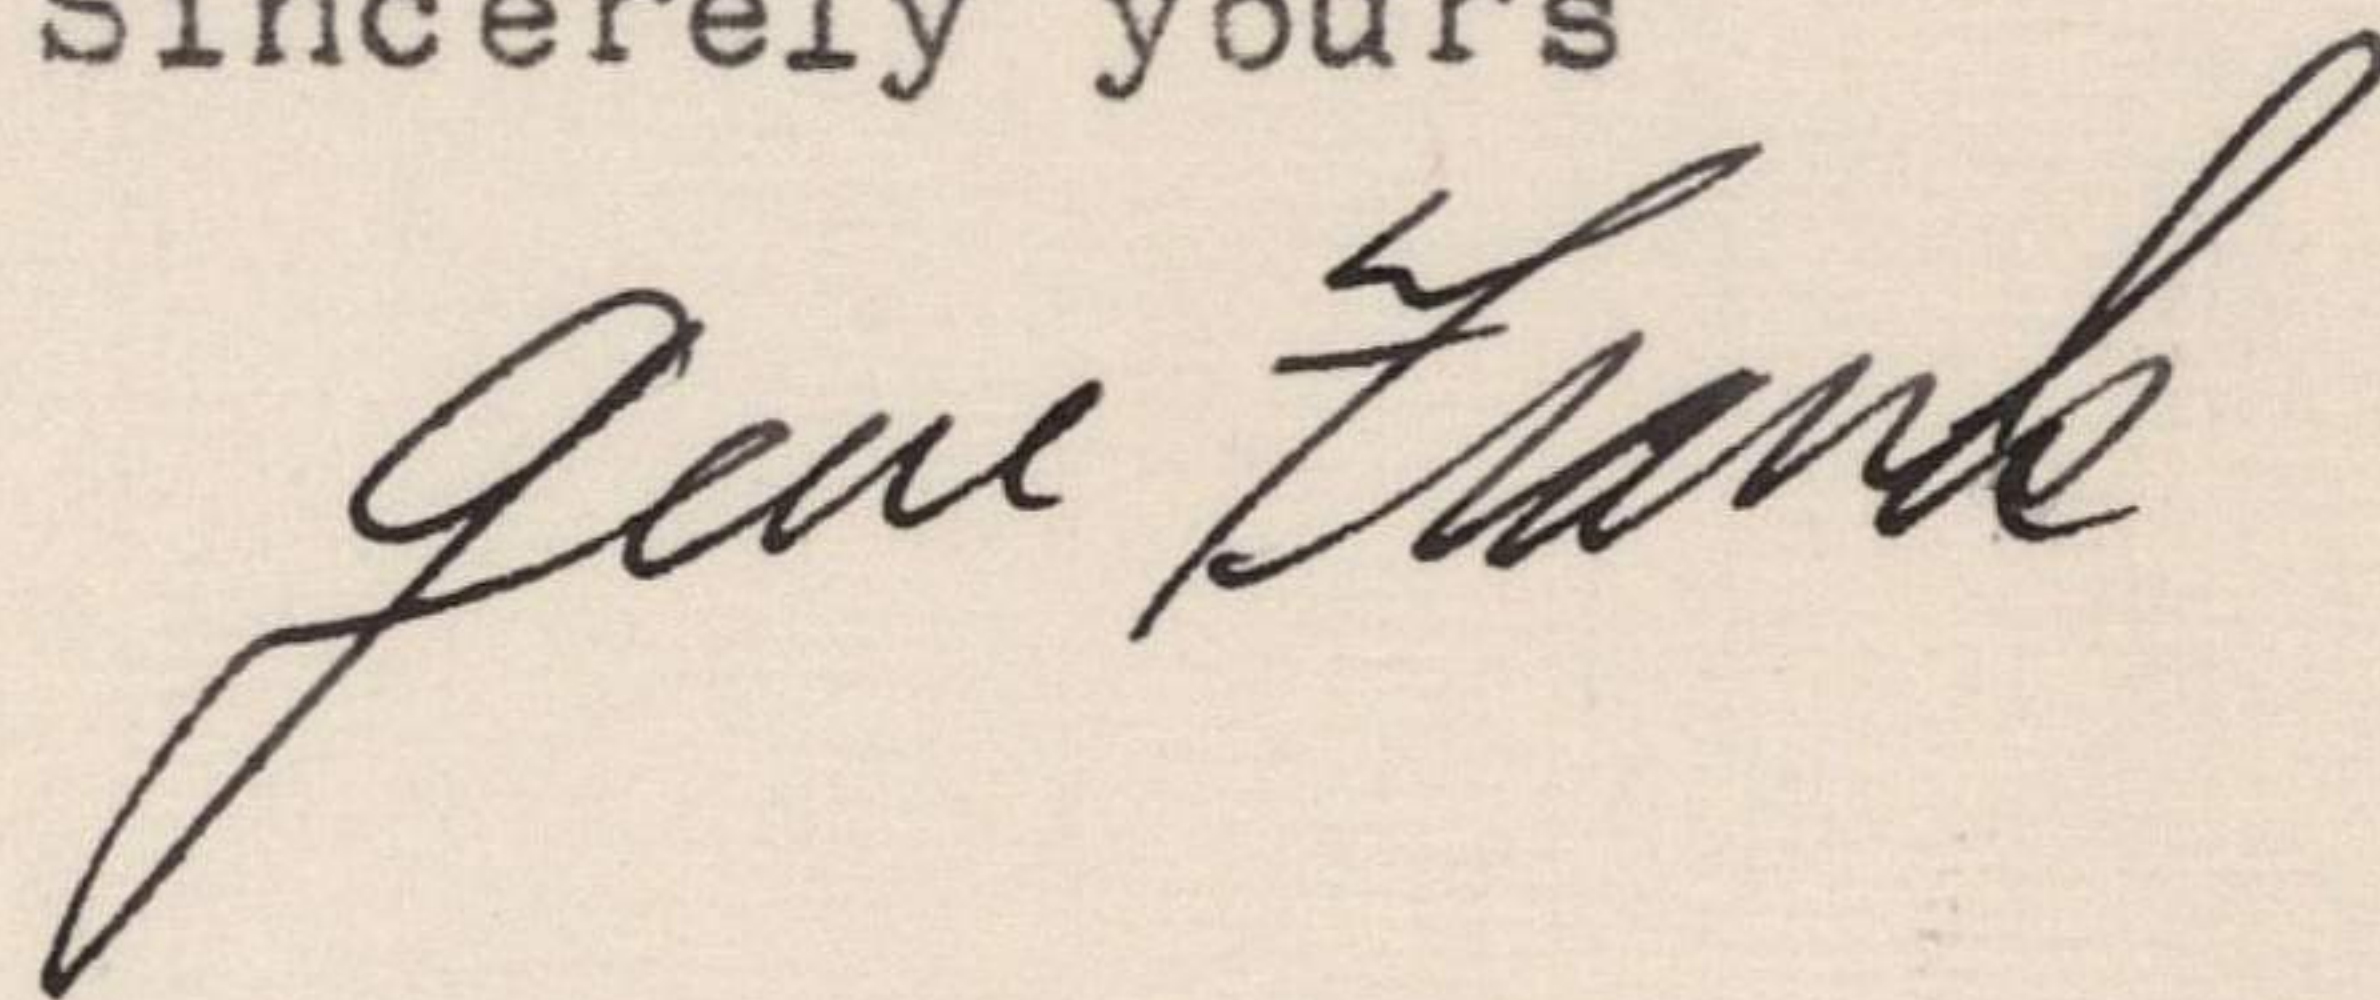

The program committee of the Methodist Men's Brotherhood of Olathe has asked me to contact you in regard to the possibility of securing you for a speaker at a men's meeting sometime this spring.

Because of certain local commitments not all of the dates in April would be free but the committee would like to suggest one of several dates--April 22, 23, 25, 29, 30, or May 2.

In the event you might find it possible to come on one of these dates, the committee would plan for a supper meeting which would be community-wide in scope, and I am quite sure we could give you a fine hearing.

Please advise us as to the costs involved, and we will appreciate an early reply.

I wonder if you would send us the Indiana-Kansas basketball game film which was sent you, when it is convenient for you to do so. Our Mr. Montgomery was in such a hurry to get it off to you that we didn't have an opportunity to see the film when it was finished, and I would very much like to look at it.

I would appreciate it if you would send us the film when it is available.

Dear Mr. DeFreemery:

I have received a letter from the Onox without a signature, but which I assume was sent from your office.

I have talked to Trainer Nesmith about the use of your product and he feels that the methods we use here in the prevention of athlete's foot are satisfactory. For that reason he did not care to use the trial sample of Onox that Norman Meeks requested you to send, and he so told Meeks. It was very late in the school year when the sample arrived, and Nesmith asked Meeks to have it returned to you.

I trust this will clear the matter up to your mutual satisfaction.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

Dear Sir:

Norman Meeks once told me Dr. Forrest Allen is a "swell fellow". Taking that as an introduction I am going to ask your advice on straightening up a little misunderstanding.

When Norman was studying advertising he became interested in our revolutionary skin toughening method of athlete's foot prevention. He was so enthusiastic that when he went back to K. U. he got the approval of Trainer Nesmith on a trial order of Onox for a 60 day test. Results are so outstanding with this product that we make a prepaid shipment subject to approval test. If it is not found to be better than old methods and O.K. in every way, then you pay nothing either for the Onox or the mats.

For some unknown reason Nesmith has not answered any of our letters and we know nothing of results of their test. You will realize, of course, that we have been to considerable expense in making this shipment and in providing the sponge rubber foot-mats. Naturally we are a little jealous of our reputation and would at least like to have a report. If Nesmith understood it was a straight donation of the Onox and the mats we will accept it that way although you will see from the signed copy of the order that it was apparently on our regular terms - 60 day approval test.

For your information, I will enclose one of several letters that we have written Nesmith.

Now, Dr. Allen, let me say a word to you. Basketball coaches pretty well over the country have written us very highly complimentary letters on the condition of the feet of their players where they use Onox. Many of them have told us that benzoin toughener was unnecessary and that Onox kept the feet in better shape than benzoin. Regardless of the outcome of the Nesmith matter, we would be very glad to have you make a test with your basketball players. I can truthfully say to you that

-2-

never yet has a test been reported to me where Onox failed to make a better showing than all other competitors.

Several years ago Dr. Gudakunst of Detroit made a test in six different schools of six different products and reported Onox at the head of the list: "With a remarkable decrease in the incidence of infection".

I hope you will excuse this long letter and bringing you into the matter but believe you will feel that in the interest of fair play we should be entitled to a report. Wouldn't you feel that way if in my place.

Very truly yours,

ONOX, Inc.

Dear Mr. Nesmith:

No news is said to be good news. In your case I hope this is true. You have now been using the Onox mats long enough to have athlete's foot well under control. A new case at this time should be the exception, either brought in from outside or contracted by someone who has not been using the mats regularly.

However, I have not yet heard from you, and cannot be sure that you are getting the results that other customers report.

Please answer the service inquiry on this sheet and return by stamped envelope enclosed. Mark your report, "Not to be reproduced" if you prefer, because we sometimes print these reports where there is no objection.
