

September 8, 1939.

Mr. C. J. Olander,  
Argentine High School,  
Kansas City, Kansas.

Dear Cliff:

Under separate cover we are mailing the copy of your thesis which you will note I have gone over. I hope you will go through the copy immediately, placing all the reference numbers in their proper places as I have indicated, also numbering all the tables and making sure that if in the content you refer to a table you refer to the proper number.

I am not sure that I have corrected the headings of the tables in all instances, but make sure that the table number should be above the heading and the heading should say, for example:

Table No. 1  
Qualifications Given by Administrators

and not this way:

Table Showing Qualifications of Administrators.

Also, be sure to check your references carefully. As soon as you return this Mrs. Hulteen will make the final copies. Be sure you read over the introduction carefully, and if you don't like it, feel free to change it.

Sincerely yours,

E. R. Elbel.
