

April 27, 1939.

Mr. Stuart Baller,
Basketball Coach,
University of Omaha,
Omaha, Nebraska.

Dear Mr. Baller:

Well, I find that I am again getting ready to leave town for a few days. I am starting Friday morning for New York to attend the Rules Committee meeting on May 1 and 2.

I am afraid that we will not be able to meet your school this next year because we played at the University of Texas and S.M.U. last year, two games at each school, and they are coming up here this next winter to return our visit. These games, and others that we have contracted for, have rather crowded out any possibility of taking on other teams.

I want to thank you for your kind words regarding our basketball demonstration at Omaha. It is very nice of you to say the things that you have said.

With all good wishes, I am

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.

Mr. Forest C. "Phog" Allen
Basketball Coach
University of Kansas
Lawrence, Kansas

Dear Coach:

I understand that you begin your early season basketball with a few of the smaller schools in this section of the country. I would like to put my bid in now for the opportunity of getting on your early schedule for next year.

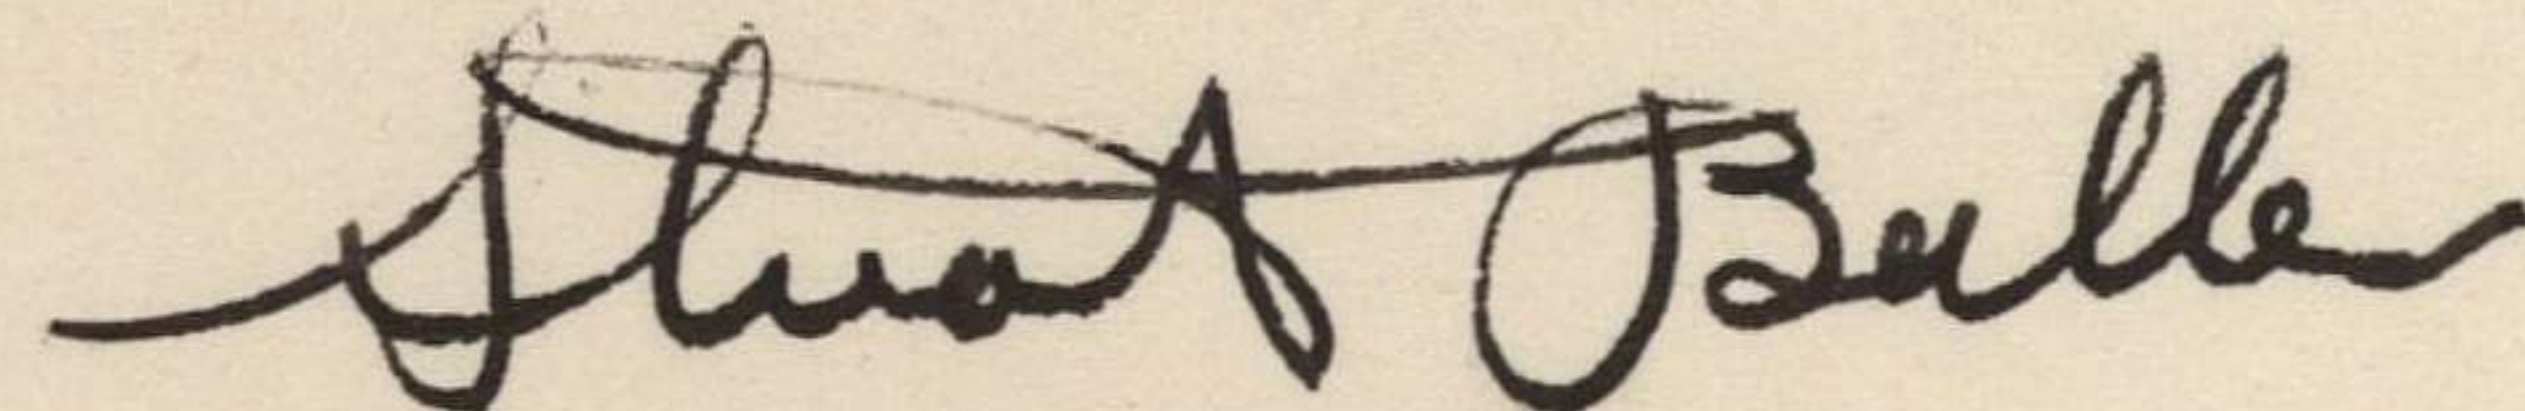

We are not going to finish very high in our Conference, that is the North Central Conference, composed of the North Dakota and South Dakota State Universities, but we have been able to play close games with all of them.

John Carmody, Coach of the Haskell Indians, can give you any information that you would like to have about my team.

We still talk about your fine demonstration of basketball last fall in Omaha, and I know that the coaches of the City would want me to send their best wishes in this letter if they knew that I am writing to you.

Sincerely yours,

THE UNIVERSITY OF OMAHA

Stuart Baller
Basketball Coach

March 27, 1939.

Mr. Stuart Baller,
Basketball Coach,
University of Omaha,
Omaha, Nebraska.

Dear Coach Baller:

This will acknowledge receipt of your letter of February 15th addressed to Dr. F. C. Allen concerning the basketball schedule for next season.

Dr. Allen has been out of town much of the time this spring, and at present is in Chicago for the meeting of the Coaches Association and also the N.C.A.A. play-off. From there he will go to Sioux City, Iowa, and then on to San Francisco for the Physical Education conventions. I expect him to return to the office about the 10th of April. Your letter will be brought to his attention at that time.

Sincerely yours,

Secretary to Dr. F. C. Allen.

THE KANSAS CITY STAR

Feb. 5, 1939

Dr. F. C. Allen,
Basketball Coach,
University of Kansas,
Lawrence, Kansas.

Dear Doctor:

Just a line to thank you for taking the time to straighten out my back yesterday afternoon. It feels normal again for the first time in several weeks.

I enjoyed very much my visit with some of your boys. I picked up a load of them and hauled them down to the hotel where they were going to have dinner. I thought they were an unusually fine group and I couldn't help envying them. Few things in my life have I enjoyed as much as the three years I played basketball for you. And my longing to play the game at Kansas for just one more year seems to grow stronger rather than weaker as the years go on.

I don't think you are in a hopeless position. Remember in 1932 we were three down and two up at the half way mark. Then we whipped everyone in the conference. If your boys can win their next four it looks as though they will get at least a tie. Anyhow best of luck to you and all of them. Next time I'm up I hope I can see a practice session.

Sincerely,

Ted O'Leary

City Desk

January 12, 1939.

Mr. Ted O'Sullivan,
916 Walnut Street,
Kansas City, Missouri.

Dear Ted:

T. L. Thaxton, at 915 Grand, Kansas City,
has the Foot-So-Port shoes that I was telling you about.
Why not drop in and see Mr. Thaxton and let him straighten
out those feet? I guarantee you will never have comfort
until those tendons are stretched, and Mr. Thaxton's shoes
will do the job. I have been wearing them for years, and
they are very, very comfortable.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Kansas University
Lawrence, Kansas

1618 So. 14th St.
Kansas City, Kans.

Dear Dr. Lapp:-

I plan to be up
to see you Sat.
about 10:30 if that
is O.K. with you. I
would like to get started
on this as soon as
possible.

I hope Santa was
good to you.

Sincerely yours
C. J. Plander.
OK

January 4, 1938.

Mr. Charles P. Orchard,
3914 No. Union Blvd.,
St. Louis, Missouri.

Dear Mr. Orchard:

A couple of months ago Glenn Catman and I were playing a game of golf at the Country Club and Glenn mentioned the fact that he had the pleasure of meeting you when he came back from the U. S. Amateur at Pittsburgh. He was delighted with his visit because it gave him much pleasure at the attention you showed him.

Mr. Irving Hill, our mutual friend who is the president of the Jayhawk Paper Company and also president of the Lawrence National Bank, and I have always taken a great interest in Glenn Catman from the time he was in high school. He is a fine boy and we want to see him get along well.

I have many good friends in St. Louis - Branch Richey, Jimmy Conzelman, Dr. Dwerhardt, and Artie Eilers are all good friends of mine and I cherish their acquaintance very much. Charlie Seymour, the manager of A. G. Spalding Brothers, was formerly a Spalding salesman who made our town. I am sure that you have gotten acquainted with Charlie. If you haven't you should because there is nothing that he will not do for you if you but let him know. I do not believe Charlie is a great golfer, but he is a swell fellow to know when you are in need of any athletic help.

This letter has no particular point only to let you know how delighted Glenn Catman was with his visit with you and how much he appreciated your many courtesies to him. Glenn is a graduate of the University of Kansas School of Business, and I am hopeful that he can use golf as a favorable introduction to business and society.

With all good wishes for a very prosperous New Year, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. Forrest C. Allen,
Director of Physical Education,
University of Kansas, Lawrence.

Dear "Phog":

I appreciate very much your letter of the 14th, relative to treatment for Bob's ankle. I did not like to bother you in the matter, but having once had a bad ankle myself I know what it means and Bob has had a little trouble for two or three years, although not serious. I was afraid he would be a little hesitant about coming around for treatment and I thought a word from you would be helpful. Anyway, I am most appreciative.

You will not receive this letter until you are back from your southern trip. I trust your team gets to clicking and you have a successful trip and also a successful season.

With kindest personal regards and the Season's Greetings, I am

Yours sincerely,

Wagner

August 12, 1939.

Miss Lorette E. Osborn,
1970 N. 28th Street,
Kansas City, Kansas.

Dear Miss Osborn:

Pardon my negligence in replying to your kind letter of the 20th ultimo. With the duties of summer session and the recreational program I have found it physically impossible to take care of all my correspondence.

Since you have enough credits without the physical education work, if I were you I would take only the courses that would be recreative. Of course, if you desire credit it would be necessary for you to enroll regularly in any courses that you desire, and those which Miss Hoover would approve.

The courses in physical activity, such as you mention, are each one-half semester in length. The student selects an activity in the fall semester, which continues for the first half of the semester, and then changes to another activity for the remainder of the semester. During the spring semester the same practice is followed. The average of the grades for the two half-semester's work determines the semester grade - one hour credit for the semester. Classes meet three times a week.

At enrollment time Miss Hoover will be glad to advise you on these courses. In the meantime, if there are other matters that you desire to inquire about we will be happy to hear from you again.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

July 20, 1939

Dr. F. C. Allen
University of Kansas
Lawrence, Kansas

Dear Sir:

I am planning on enrolling in the College of Liberal Arts & Sciences this fall as a junior, after having graduated this spring from the Kansas City Junior College.

I would like to take several courses in Physical Education, among which are elementary swimming, elementary golf, and fencing.

What are the prerequisites for these courses? As I shall enter as a junior will I have to have the two semesters of Health Instruction?

How many days a week would these classes meet and how much credit would I receive? I shall have enough credits without this Physical Education work. Considering this, would you advise me to audit these courses? I would appreciate an immediate reply.

Sincerely yours,
Loretta Osborn

June 26, 1939.

Mr. Glenn Catman,
RFD #2,
Lawrence, Kansas.

Dear Glenn:

Will you please stop in my office some
time soon? I am sure I have a job lined up for
you.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

June 7, 1939.

Mr. Glenn Oatman,
Route 4,
Lawrence, Kansas.

Dear Glenn:

I personally desire to congratulate you as coach of the golf team on your winning the Big Six championship for Kansas. I find that in the rush of things we sometimes forget to extend courtesies that should be extended.

It is a very difficult thing to win a championship in any sport, and when a fellow does, it is my opinion that we should extend congratulations. I have written to Ed Weir, of Nebraska, on winning the track and field championship, and I have also written to Jap Haskell, of Oklahoma, congratulating him on winning the baseball championship.

Certainly I should not overlook a Kansas coach who wins the only Big Six championship that was won by our school this year.

With continued good wishes for your success, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

June 2, 1939.

Mr. Jap Haskell,
Baseball Coach,
University of Oklahoma,
Norman, Oklahoma.

Dear Jap:

Congratulations are in order, Jap. You remember at the beginning of the season I made a prediction that Oklahoma would win football, basketball and baseball championships. It is not because I think I am an oracle, but this letter of congratulation to you is for you personally in turning out a fine Sooner baseball team. You had a rocky road at the end of the season, but you came through like true champions, and the laurels are yours, sir.

With best wishes for your continued success, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

A
January 26, 1940.

Mr. Theodore O'Leary,
The Kansas City Star,
Kansas City, Missouri.

Dear Ted:

I very much enjoyed your newsy epistle which I received yesterday. Mrs. Allen and I read the Tom Graves article and we both agreed that you had done it. It is rather interesting for us to read the paper and try to pick out your work. You have a style that sets you out somehow from many of the articles that are written.

I took your letter home last night and read it to Mrs. Allen and Bob and Eleanor and the rest of the family circle, and we all enjoyed what you had to say about Bob.

You know, Ted, I have often said to Mrs. Allen about Bob and you that you two were perhaps the most sensitive boys that I have ever coached. When I have worked with either one of you on a special shot or fundamental pivot or play, as it appeared to me it seemed as if it always embarrassed you or Bob to be taught before the group. Some way both of you, as it appeared to me, considered it rather a reflection for you to be a little off, and when I would spend much time with either one of you, you would show rather a sensitive resentment that might be inherent, but I could detect it. The day that I was teaching you you would not show up so well. But the next day you came back with the stuff. I have often mentioned to Mrs. Allen that you two boys were the only two I could clearly stamp as a certain nervous mental type that rather resented too much teaching. There was a certain pride that you had that you were sufficient and that you could think it out if left alone. And the fact that you did come back the next day with it justified the confidence that you boys had in your own ability.

That would have been fine had it been that your high school coaches had taught you the correct fundamentals. Many of those that they did teach you were correct, but many that should have been taught were not touched. It was only my desire and my anxiety to see you a great ball player that you were that caused me to suggest things to you when I saw great possibility for development.

No, I do not think you are immodest, Ted. I have always admired your courage and your faith in yourself to do a job when you set out to do it. I will never forget the great games that you played under very trying circumstances. I only hope that Bob, in his

senior year, will be as great a player as you were in your senior year.

I know how diligently you labor and I know how this diligence interferes with your getting away to see many games, but we will be happy to see you should have the opportunity to drop by. Your handball has done great things for you and I am glad to see that you are keeping at it because when a man keeps his body fit he is generally mentally alert if he has an ambition, and you could not do otherwise, having the forbears that you have.

The Allen family - Bob, Eleazar, Mrs. Allen, as well as I, wish you continued success in your work. Thanks for your good wishes.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

FCA:AH

January 26, 1940.

Mrs. R. D. O'Leary,
1106 Louisiana St.,
Lawrence, Kansas.

Dear Mrs. O'Leary:

I took Ted's letter home last night to read to the family. Mrs. Allen said, "Do you mind sending that letter to Mrs. O'Leary?" I said, "No, but why?"

Mrs. Allen said, "Well, she is a mother interested in her children, just as I am, and I know how much pleasure it will give her to read this letter."

So I am sending you Ted's letter because I think it is splendid, and we so appreciated it. I am also sending you a copy of my reply to him of this date.

Wishing for you all the happiness that may come to you, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

Jan. 24, 1940

Dear Doc,

I was pleased to hear from you and happy that you have liked some of my work down here. The reviews and editorial page articles which you see and are able to identify by my initials I do mostly at home on my own time and get paid quite well for the outside work. Covering all of our messy situation here keeps me busy during my regular hours. I just finished covering the trial of Tom Graves which ended badly from The Star's standpoint.

I have been watching your season so far with great interest and was disappointed at the Missouri set-back though fearful of it as I imagine you were. I know from experience how hard it is to win at Columbia but I never have been able to figure out why that ~~is~~ is so. I saw the K-State game at Lawrence which was certainly a thriller. After ten minutes I figured you would be out in front by twenty points by the end of the game but as it was I think you will agree that Kansas was fortunate to pull it out. What I particularly enjoyed was Bob's play. You know I have always been very interested in Bob because he has much the same sort of background as I had. I mean spending hours tossing an old ball at a backyard hoop and watching many great Kansas players as a kid. And if you will not think me immodest (because I think Bob is a great player) I think he plays much the same style of ball as I did and with much the same attitude.

Because I work every night except Saturday and an occasional Friday I'm afraid I won't get to see another game. But I'll drop in for a practice session some Saturday afternoon and say hello. By the way I'm in pretty good shape through keeping up my handball. I weigh only about five or six more pounds than I did when in school.

Agains thanks for your thoughtful letter. Give my regards to all the members of your family and to you and Bob best of luck in the games to come.

Sincerely,

Ted O'Leary

DR. WARREN G. BRADFORD

Dear Dr. Allen:

Annually, the Dayton District Osteopathic Society of Physicians and Surgeons invites all the coaches and their assistants, and athletic directors from this district to one of our meetings. This meeting is one that has to do with athletic injuries, their prevention, or some phase of athletic work.

Last year Dr. H. V. Halladay spoke at this meeting. We had over one hundred guests present.

It is our desire to put on a similar meeting this year, and would like to have you as the speaker of the day. This meeting will very likely be held in February of 1939.

We would like to know if you will be our speaker and what would be the approximate cost to the district. We hope you can see your way clear to be with us at this meeting.

Lawrence, Kansas.

Dear Doctor Allen:-

As you no doubt realize the fact that our profession has had an awfull jolt, and has been placed at the bottom of the heap, by the Supreme Court of the State of Kansas. We, the members of the Osteopathic profession of the State of Kansas are going into the comming legislature and have our profession placed back to the top, where it belongs.

We are asking the Legislature to clarify our law for us and we find the opposition, out numbering us, both in men and in dollars. Therefore, we must go to each D.O. and ask for his support. We realize the fact that you are a success, in your own right, and yet you are a member of the osteopathic profession. I do not feel out of the way in asking you this same question that I have asked many other D.Os. Doctor, can we, the members of the Kansas Osteopathic profession count on you for \$500,00. towards this fund??

We do not want to close our hospitals in the State, or do we want to be compelled to move on towards some other State that has not had the trouble that we have had. We hope that this favor asked of you, for your and my profession will not be taken too lightly. Thanking you in advance. I am yours.

November 4, 1938

Dr. Forrest C. Allen,
801 Louisiana St.,
Lawrence, Kansas.

Dear Dr. Allen:

We hope you are digging in a little deeper and telling your friends and patients just what the Gleason decision of the Supreme Court means. It is a set back in our fight for professional rights but it is also the spur which will urge us on to the fight for a better law and a better understanding by the people of Kansas.

Doctor Allen, we need you in this coming battle. The last legislative session found the Chiropractic forces divided by Allopathic promises to a few who thought they could qualify as physio-therapists. Let us not be deceived into dividing our forces. A united front will be a prime necessity. Numbers will be important for the Kansas Association must speak for all D.O.s instead of for two-thirds or even three-fourths of those in the state. There is a lot of work to do and we need you to help.

You need membership in the Kansas Association for several reasons. You may not be chosen as the 'guinea pig' for a test case, but if you should be, it would be much easier to fight with the KSOA in your corner.

The Western Union and Montgomery Ward Companies have recently changed their regulations so that Osteopathic Physicians may practice under their Employees Compensation systems. However membership in your professional societies will be a prerequisite. The WPA may now allow Osteopathic care for those on relief but your acceptance as a staff physician will depend upon your professional standing judged by your membership in your professional societies.

Herewith is an Application blank which you should fill out and have signed by two members who can and will recommend you to the trustees. The dues vary with the year of practice and should be sent with the application to Dr. Hanna. Make your check to the Kansas State Osteopathic Association and help us win the battle for Free Choice of Physician.

Yours fraternally,
MEMBERSHIP COMMITTEE,

Lawton M. Hanna, D.O.
Lawton M. Hanna, D. O., Chm.

Dear Dr. Allen -

Thank you so much
for letting me see
Theodore's letter. It must
be a pleasure to you
to think of the many
fine ladies who could
echo his sentiments.
And thank you for
helping him out of
the misery of his back.

Sincerely yours

M. H. O.

Dr. F. C. Allen,
Basketball Coach,
University of Kansas,
Lawrence, Kansas,
Dear Doctor:

Just a line to thank you for taking the time to straighten my back out yesterday afternoon. It feels normal again for the first time in several weeks.

I enjoyed very much my visit with some of your boys. I picked up a load of them and hauled them down to the hotel where they were going to have dinner. I thought they were an unusually fine group and I couldn't help envying them. Few things in my life have I enjoyed as much as the three years I played basketball for you. And my longing to play the game at Kansas for just one more year seems to grow stronger rather than weaker as the years go on.

I don't think you are in a hopeless position. Remember in 1932 we were three down and two up at the half way mark. Then we whipped everyone in the conference. If your boys can win their next four it looks as though they will get at least a tie. Anyhow best of luck to you and all of them. Next time I'm up I hope I can see a practice session.

Sincerely,

Ted O'Leary

City Desk
