Dr. F. C. Allen
Director of Physical Education
University of Kansas

Dear Dr. Allen:

A few days ago I returned to your office the two books which you were kind enough to loan me some weeks ago. I appreciated the opportunity to examine these books and to note your treatment in the chapter by you on Higher Education in America. Actually I did not need any evidence of your genuine interest in Physical Education as contrasted with mere theory and technique in athletics. It is a source of satisfaction to me to know that the Director of Physical Education is one who has an inclusive grasp of what physical education can and should be.

Cordially yours,

F. P. O'Brien
